1	TABLE OF CONTENTS	1	A Yes.
2	RENA M. CONTI, Ph.D.	2	Q What did you review?
3	Examination	3	A My report.
4	Ladiffication	4	Q Anything else?
	By Ms. KapkePage 11	5	A I looked up some statistics regarding
5		6	the revenues of retailers and wholesalers in this
6	By Mr. CampbellPage 100	7	case.
6	By Mr. OstfeldPage 182	8	Q Statistics from your report or
7	Dy Mar Societaminimina age 102	9	statistics that were independent of references in
	Index of ExhibitsPage 8	10	your report?
8		11	A The shareholder reports of the the
9		12	retailers and the wholesalers.
11		13	Q So, like, the 10-Ks?
12		14	A Correct.
13		15	Q Okay. Okay. Gotcha.
14 15		16	And I I honestly don't remember
16		17	that. Are those cited in your report? Are the
17		18	are retailers'
18		19	A No, they're not. No, they're not.
19		20	But there there are things that I do very
20 21		21	typically when I'm preparing for a deposition.
22		22	They're public. They're also things that I I
23		23	spend time teaching, using. In fact, some of the
24		24	defendants in this case are companies that my class
25		25	on Strategy in the Pharmaceutical Industry is
	Page 11		Page 13
1	THE VIDEOGRAPHER: The time is 9:04.	1	currently studying, so part of my review was to get
2	This begins Media Unit Number 1. We're back on	2	ready for my class on Monday.
3	the record.	3	Q Got it. Okay.
4	MR. GOLDBERG: Good morning, Doctor.	4	Did you we talked about, yesterday, you not reviewing any depositions, and I wanted to
5 6	This is Seth Goldberg, again. I'm not on video. I will be momentarily. But at this	5	confirm that you have not reviewed any depositions
7	point, I'm going to pass the witness to the	7	of retailer pharmacy witnesses in this case; is that
8	next questioning counsel. I am not concluding	8	correct?
9	my questioning, but in the interest of time, I	9	A That's correct.
10	want to give other counsel an opportunity to	10	Q Did you review any deposition exhibits
11	ask questions.	11	from the depositions of the retail pharmacy 30(b)(6)
12	THE COURT REPORTER: Kara, you're on	12	witnesses?
13	mute.	13	A Why don't we check my Appendix B?
14	EXAMINATION BY MS. KAPKE:	14	There's a lot of documents, so, let's just check.
15	Q Good morning, Dr. Conti. My name is	15	So there is a declaration so are
16	Kara Kapke. I represent CVS and Rite Aid, and I'm	16	you asking for declarations? Is that correct?
17	going to be asking you questions primarily about	17	Q I'm asking if you reviewed any
18	your opinions vis-a-vis the retail pharmacy	18	written any strike that.
19	defendants.	19	I'm asking if you reviewed any
20	My first question is, do you	20	deposition exhibits from the depositions of the
21	understand that you're still under oath here today?	21	retail pharmacy deponents.
	A Yes.	22	A No, I did not, not that I'm aware of.
22		1	
22 23	Q Great. Did you review any documents	23	Q How about any meet and confer letters
	Q Great. Did you review any documents or materials last night or this morning before	23 24	Q How about any meet and confer letters or correspondence from from counsel for the

5 (Pages 14 - 17)

		LIT	
1	Page 18	1	Page 20
1	documents referenced there are the documents	1	BY MS. KAPKE:
2	produced by the retail pharmacy defendants in this	2	Q So I'm marking it Conti Exhibit 7.
3	litigation with Bates numbers?	3	You, in the materials provided to us, labeled it,
4	A That is my understanding.	4	entitled it "Retailer Damages Output."
5	MS. KAPKE: I'm going to introduce,	5	A But for for unjust enrichment or
6	and mark as Conti Exhibit 7, the retailer	6	liability?
7	damages output Excel spreadsheet file from the	7	Q You did not make a distinction in what
8	materials that you provided. And it's on the	8	materials were sent to us.
9	screen. And for the record	9	A I see. Well, I'm going to have to
10	(Whereupon, Exhibit Conti 7 was marked	10	double check with my staff then, please.
11	for Identification.)	11	Q What are you double checking?
12	THE WITNESS: Can you refer me to a	12	A Whether this is this for the liability
13	specific one?	13	claims or for the unjust enrichment calculation.
14	BY MS. KAPKE:	14	Q Is it your suggestion that you have
15	Q I'm sorry. What?	15	two spreadsheets a backup data for those?
16	A Can you refer me to the specific	16	A No. As I testified yesterday, the
17	output that's listed on my Exhibit B?	17	unjust enrichment and liability estimates are
18	Q This is the retailer damages output	18	slightly different. You can see that in my Table 2
19	Excel spreadsheet that you provided.	19	and Table 3 of my report. And and the difference
20	A I'm asking you, is it the backup, or	20	is largely related to the inclusion or exclusion of
21	is it one of the documents that is listed	21	specific states.
22	Q It's the backup.	22	There is no indicater here for
23	A in Exhibit B. I can't hear you.	23	whether for when the state is indicated for which
24	I'm sorry.	24	calculation. And so I just want to double check
25	Q So if you this is something that	25	with my staff. And I
	Page 19		Page 21
1	you derived, and you I'm I'm not sure I	1	Q I'm and I'm sorry. I'm not trying
2	you derived, and you I'm I'm not sure I understand your	2	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you
2 3	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we	2 3	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check.
2 3 4	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that	2 3 4	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this
2 3 4 5	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here	2 3 4 5	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust
2 3 4 5 6	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B?	2 3 4 5 6	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all.
2 3 4 5 6 7	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you	2 3 4 5 6 7	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2.
2 3 4 5 6 7 8	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us.	2 3 4 5 6 7 8	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right.
2 3 4 5 6 7 8 9	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure.	2 3 4 5 6 7 8 9	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they
2 3 4 5 6 7 8 9	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the	2 3 4 5 6 7 8 9	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for
2 3 4 5 6 7 8 9 10	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as	2 3 4 5 6 7 8 9 10	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then
2 3 4 5 6 7 8 9 10 11 12	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see	2 3 4 5 6 7 8 9 10 11 12	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment
2 3 4 5 6 7 8 9 10 11 12 13	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a	2 3 4 5 6 7 8 9 10 11 12 13	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages
2 3 4 5 6 7 8 9 10 11 12 13 14	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger.	2 3 4 5 6 7 8 9 10 11 12 13	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what
2 3 4 5 6 7 8 9 10 11 12 13 14 15	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE:	2 3 4 5 6 7 8 9 10 11 12 13 14 15	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you A Okay.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you A Okay. THE WITNESS: Can we can we scroll	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of this spreadsheet besides the retailer claims data?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you A Okay. THE WITNESS: Can we can we scroll all the way down so I can see make sure that	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of this spreadsheet besides the retailer claims data? A I don't understand your question. I'm
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you A Okay. THE WITNESS: Can we can we scroll all the way down so I can see make sure that this is actually a full document, please?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of this spreadsheet besides the retailer claims data? A I don't understand your question. I'm sorry.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. KAPKE: Maybe it can be made a little bit larger. BY MS. KAPKE: Q There are five columns across the top reading retailer, entity, state, product name and consumer impact. Do you A Okay. THE WITNESS: Can we can we scroll all the way down so I can see make sure that this is actually a full document, please? Keep on going. Okay. Okay. So just	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Q I'm and I'm sorry. I'm not trying to be difficult. I just don't understand what you need to double check. A All I want to know is whether this backup is for the liability or for the unjust enrichment calculations. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of this spreadsheet besides the retailer claims data? A I don't understand your question. I'm sorry. Q Was there any prescription data or
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	you derived, and you I'm I'm not sure I understand your A I'm asking, is this the backup that we provided to you, or is it one of the documents that you listed here I'm sorry that I listed here in Exhibit B? Q No. This is the backup that you provided to us. A Just wanted to make sure. Q Yes. And so I will represent for the record that this spreadsheet has 3,741 rows, and as you can see MS. That's all. You'll see there's Table 2. Q Right. A Then there's Table 3. And they are there's two theories of liability for Table 2. They differ underlying Table 2. And then in Table 3, there's an unjust enrichment calculation. And each one in the series of damages vary slightly for the retailers, related to what states are included, which are not listed here. Q Right. Let's' we'll we'll get to that. Was there any dispensing or prescription data that went into the creation of this spreadsheet besides the retailer claims data? A I don't understand your question. I'm sorry.

6 (Pages 18 - 21)

	Page 22		Page 24
1		1	were dispensed.
2	A Well, how do you define prescription	2	All we had was the information that
3	data versus claims data versus dispensing data? I'm	3	was provided to us.
4	not I'm not familiar with those those are not	4	BY MS. KAPKE:
5	terms of art.	5	Q That's that's what I'm trying to
6	Q Okay. That's that's fair. And	6	to make sure I understand.
7	, ,	7	When you generated this output file,
8	bad question.	8	did you rely on anything other than what was
9	ÿ , e e	9	provided to you?
10	there's any data that you used to generate this	10	A We relied on the names and NDC codes
11	1	11	and time periods of the at-issue valsartan and other
12	retailer claims data?	12	products.
13	A So my understanding is that the	13	Q Okay. And that that makes sense.
14	retailers provided my staff a data on spending by	14	Am I correct that this spreadsheet was
15	consumers for the at-issue products by state, month	15	created using the SAS software?
16	and year, and product and product subcategory,	16	THE COURT REPORTER: Using the what?
17	really NDC code. And that they represented, the	17	MS. KAPKE: The SAS software.
18	retailers, that the dispensing fee, which I think is	18	THE WITNESS: Do you mean SAS?
19	what you've referred to by "dispensing data," was	19	BY MS. KAPKE:
20	already taken out, as was the payment made by the	20	Q Yes.
21	third-party payor	21	A I don't know. Bennett programs in SAS
22	Q Okay. I	22	and in SETA. And also, as you can see, this is an
23		23	Excel file. So he may have actually done this
24	Q I think we're talking past each other,	24	calculation in in Excel.
25	because my my question just relates to, are there	25	Q I want to talk about the relevant time
	Page 23		Page 25
1		1	period used to generate this exhibit. It's my
2	3 6	2	understanding, from your report, that you did not
3		3	include any bills after the month of recall; is that
4	31	4	correct?
5	claims data?	_	
6		5	A After the final month of recall for
	THE COURT REPORTER: Did you use any	6	each at-issue product. That's why the name of the
7	THE COURT REPORTER: Did you use any other type of	-	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code
7 8	THE COURT REPORTER: Did you use any other type of MS. KAPKE: Document.	6 7 8	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code was so critical in our analysis. And what I already
7 8 9	THE COURT REPORTER: Did you use any other type of MS. KAPKE: Document. THE WITNESS: I have honestly, I	6 7	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code was so critical in our analysis. And what I already mentioned, we used we used the date. We used the
7 8	other type of MS. KAPKE: Document. THE WITNESS: I have honestly, I don't think I understand what you're saying at	6 7 8	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code was so critical in our analysis. And what I already mentioned, we used we used the date. We used the month and year, plus the manufacturer and the
7 8 9 10 11	other type of MS. KAPKE: Document. THE WITNESS: I have honestly, I don't think I understand what you're saying at all. So retailer pharmacies are sitting on an	6 7 8 9 10 11	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code was so critical in our analysis. And what I already mentioned, we used we used the date. We used the month and year, plus the manufacturer and the product name for each of our assessments.
7 8 9 10 11 12	other type of MS. KAPKE: Document. THE WITNESS: I have honestly, I don't think I understand what you're saying at all. So retailer pharmacies are sitting on an incredible amount of data. So I think, you	6 7 8 9 10 11 12	each at-issue product. That's why the name of the manufacturer and the product name at the NDC code was so critical in our analysis. And what I already mentioned, we used we used the date. We used the month and year, plus the manufacturer and the product name for each of our assessments. Q And for bills of Hetero NDCs, you did

1	Page 34 THE THE COURT REPORTER: Is that what?	1	Page 30
1		1	was appropriate strike that.
2	THE WITNESS: That it was excluded,	2	I want to go back and talk about when
3	those scripts were excluded.	3	you included fills.
4	BY MS. KAPKE:	4	A I don't know what you mean by "fills," ma'am.
5	Q Does the abbreviation "AA" mean	5	
6	anything to you?	6	Q Okay. That's that's fair. Thank
7	A It does not, and I've never	7	you for for clarifying that. Did you I'll
8	encountered it in any of the research work I've	8	strike that and ask a different question.
9	done.	9	Did you ask plaintiffs' counsel
10	Q How about the abbreviation "AE"?	10	whether it was appropriate to assume that the data
11	A Same. But, again, I suspect that	11	in provided by the retail pharmacy defendants in
12	those were excluded for my analysis. Without a	12	the retailer claims data were actually filled at one
13	state attribution that actually means something, I	13	of the defendant pharmacies?
14	don't I wouldn't feel comfortable including that	14	A I don't understand your question. I'm
15	information. I'm a little Type A about data	15	sorry.
16	analysis, as you probably have have surmised.	16	Q Did you ask plaintiffs' counsel
17	MS. KAPKE: I want to go back to	17	I'll ask it again.
18	Exhibit 7.	18	Did you ask plaintiffs' counsel about
19	BY MS. KAPKE:	19	any limitations in the retailer claims data?
20	Q Column D is the product name. That	20	A I mean, there are significant
21	the product name is just derived from the NDC	21	limitations in the claims data that was provided to
22	A I I don't know what you're talking	22	me. So again, dispensing fees were not included.
23	about, and you have	23	Nor were the payments made by the insurer. Nor were
24	Q Yeah.	24	any information provided about whether or not these
25	A Okay. Thank you.	25	patients were insured at all. Nor was any
	Page 35		Page 3
1	So I'm sorry. This is I'm sorry.	1	other I mean, there's again, retail pharmacies
2	I didn't hear the last is that was that a	2	are sitting on tons of data that they collect when
3	question or a statement?	3	they're dispensing prescriptions. We were provided
4	Q I'm just asking you to confirm that	4	very limited data, considering the universe of data
5	the product name is derived from the NDC code.	_ ا	
	the product hame is derived from the Tibe code.	5	that they have registered and are required to have
6	A Yes.	6	that they have registered and are required to have when they're dispensing prescription drugs in the
	•		
6	A Yes.	6	when they're dispensing prescription drugs in the
6 7	A Yes. Q Okay. And then I want to talk about	6 7	when they're dispensing prescription drugs in the U.S. chain.

6 7 8 9	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am.	6 7 8 9	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data?
6 7 8 9 10	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my	6 7 8 9 10	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what
6 7 8 9 10 11	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you.	6 7 8 9 10 11	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early
6 7 8 9 10 11 12	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive	6 7 8 9 10 11 12	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and
6 7 8 9 10 11 12 13	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount	6 7 8 9 10 11 12 13	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that
6 7 8 9 10 11 12 13 14	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular	6 7 8 9 10 11 12 13 14	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you.
6 7 8 9 10 11 12 13 14 15	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that	6 7 8 9 10 11 12 13 14 15	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail
6 7 8 9 10 11 12 13 14 15 16	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time.	6 7 8 9 10 11 12 13 14 15 16	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only
6 7 8 9 10 11 12 13 14 15 16 17 18	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is	6 7 8 9 10 11 12 13 14 15 16	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at
6 7 8 9 10 11 12 13 14 15 16 17 18	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct?	6 7 8 9 10 11 12 13 14 15 16 17 18	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy?
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct? A So it's aggregated over quantity and	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy? A That was always represented to us as
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct? A So it's aggregated over quantity and paid amount.	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy? A That was always represented to us as being provided by the retail pharmacies, that they
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct? A So it's aggregated over quantity and paid amount. Q The there's the aggregation is	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy? A That was always represented to us as being provided by the retail pharmacies, that they were actually dispensed prescriptions.
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct? A So it's aggregated over quantity and paid amount. Q The there's the aggregation is just adding numbers up, correct?	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy? A That was always represented to us as being provided by the retail pharmacies, that they were actually dispensed prescriptions. Q And when you say
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A Yes. Q Okay. And then I want to talk about Column E, the customer impact column. A That's not what it says, ma'am. Q Oh, I'm sorry. Consumer. My my apologies. Thank you. The consumer impact column. To derive that, you would total the full patient paid amount for each qualifying prescription for the particular retailer, manufacturer, state and script; is that correct? A Correct. And year and and time. Q And relevant time period. And that is just simple addition, correct? A So it's aggregated over quantity and paid amount. Q The there's the aggregation is	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	when they're dispensing prescription drugs in the U.S. chain. Q Did you ask plaintiffs' counsel to ask for additional data? A We had discussions about what was what was the data that we wanted very early on in this case, given the theories of liability and damage, which included some of the information that I provided I enumerated to you. Q Did you ask plaintiffs' counsel to confirm to you that the data produced by the retail pharmacy defendants in the retailer claims data only reflected prescriptions that were actually filled at a defendant pharmacy? A That was always represented to us as being provided by the retail pharmacies, that they were actually dispensed prescriptions.

	A I'm happy to go through them again.  So there's Albertsons, CVS, Kroger, Optum, Express Scripts, Walgreens and Walmart.  Q Correct. Does the data in in the retailer claims data contain information about prescriptions dispensed from pharmacies who are not defendants in this case?  A Are you asking me whether Albertsons gave me data from non-Albertsons pharmacies?  Q In general, yes.  A I don't understand the question. I don't understand I don't understand how Albertsons would have data from CVS or CVS would have data from Walmart or Walgreens.  Q Okay.  A I I mean, you know, I I don't understand that. I'm sorry.  Q Okay. So  A These are massive public companies. I don't see how they would have access to other public companies' dispensing data at the level of aggregation that we were provided.  Q Are you aware of the concept in the  Page 43 pharmaceutical industry of a data sale from one pharmacy to another?  A No.  Q Did you consider whether any of the retailer claims data included within it included prescription fills from non-defendant pharmacies that subsequently sold their consumer data to one of the defendant pharmacies?  A I I'm sorry. They may do that for intelligence purposes, but I am not aware that that is the data that was provided.  We were provided transaction data at the pharmacy level. Each pharmacy has a pharmacy identifier. It's standard. It's actually required to be reported and kept by the regulators. And so	A I'm happy to go through them again.  So there's Albertsons, CVS, Kroger, Optum, Express Scripts, Walgreens and Walmart.  Q Correct. Does the data in in the retailer claims data contain information about prescriptions dispensed from pharmacies who are not defendants in this case?  A Are you asking me whether Albertsons gave me data from non-Albertsons pharmacies?  Q In general, yes.  A I don't understand the question. I don't understand I don't understand how Albertsons would have data from CVS or CVS would have data from Walmart or Walgreens.  Q Okay.  A I I mean, you know, I I don't understand that. I'm sorry.  Q Okay. So  A These are massive public companies. I don't see how they would have access to other public companies' dispensing data at the level of aggregation that we were provided.  Q Are you aware of the concept in the  Page 43 pharmaceutical industry of a data sale from one pharmacy to another?  A No.  Q Did you consider whether any of the retailer claims data included within it included prescription fills from non-defendant pharmacies that subsequently sold their consumer data to one of the defendant pharmacies?  A I I'm sorry. They may do that for intelligence purposes, but I am not aware that that is the data that was provided.  We were provided transaction data at the pharmacy level. Each pharmacy has a pharmacy identifier. It's standard. It's actually required to be reported and kept by the regulators. And so

12 (Pages 42 - 45)

CONFIDENTIAL

Page 46 Page 48 1 BY MS. KAPKE: It's -- it's explained. So in paragraphs 63 and 64, 2 I explain what I did for the defendant retailers for Right. I -- I understand that it was 3 provided to you by counsel. And I just want to unjust enrichment. I list, "Retailers profited from 4 confirm that that also means that these groupings the sale of at-issue valsartan products to consumers 5 are not a reflection of any opinions that you have at the point of sale. Profits are defined as regarding liability or state laws or legal revenues minus cost for each at-issue valsartan 6 7 ramifications? product sold by the defendant retailers from 8 MR. HONIK: Object to form. January 1st until the at-issue valsartan products 9 were recalled in 2018 and 2019 for being adulterated THE WITNESS: I'm an economist and 10 expert on the pharmaceutical industry. I'm not 10 and misbranded." 11 a lawyer. I don't have an opinion about these 11 I then have, again, a footnote where 12 groupings. They were provided to me by 12 we have established which of the products at-issue counsel. I think we've established that. 13 13 and at what time periods. All I did was take the 14 BY MS. KAPKE: 14 information that was provided to me by the at-issue 15 0 Okay. And the same is true for 15 retailers for the relevant time periods, the 16 16 Attachment H.1 and I.1 as well? relevant manufacturers and the relevant product 17 Let's look. So if you go to the next categories, and matched them with the states 17 18 page in H.1, same thing noted, "Retailer Consumer relevant for the unjust enrichment damages and 19 Protection Act Claims Table, provided by counsel." 19 summed them up. 20 So the answer to my question is yes, 20 I did the exact same thing for the Q 21 21 you don't have an opinion about these groupings -liability claims, and I think that is listed and 22 Actually, you didn't ask me a 22 explained in my report, in the preceding section, in 23 question. Again, this information was provided to 23 Paragraphs 60, 61 and 62. me by counsel. I don't have a legal opinion. I'm 24 24 0 And what I'm trying to -- to 25 25 understand and make sure that I -- I follow, is what not a lawyer. Page 47 Page 49 you're doing is you're basically sorting and Q Okay. So --1 2 Α And then you asked me for another 2 filtering on the Excel spreadsheet that is 3 attachment, H.1. And then which other table? 3 Conti Exhibit 7, correct? 4 4 MR. HONIK: Object to the form. 0 5 I.1. So I.1, again, has the same 5 THE WITNESS: Okay. So it's probably note, "Retailer Unjust Enrichment Table, provided by 6 easiest just to go back to the paragraph where 6 7 7 I explained the procedure again. It's in counsel." 8 paragraph 78 under, "Defendant Retailer 8 So the same caveat as you made before, 9 9 that you don't have a legal opinion, you're not a Liability Damages and Unjust Enrichment 10 lawyer, would also apply to I.1, correct? 10 Damages." 11 It's not a caveat. You asked me a 11 So in the paragraph, I explain what we 12 question, do I have a legal opinion. And I'm saying 12 did. To calculate defendant retailer theory of I'm an economist. I'm not a lawyer. I don't have 13 liability damages and unjust enrichment an opinion on liability other than -- or the 14 damages, I rely upon the defendant retailer 15 pharmacy claims data. These claims datasets 15 inclusion, other than what was provided to me by counsel to calculate. 16 have been limited to the consumer paid amounts. 16 17 That is, they exclude the all third-party payor 17 Right. Okay. So what I want to do is 0 make sure that I understand how you derived the 18 amounts, and thus represent the revenues 18 19 remainder of the Attachments to G, H and I. And 19 described in the section previous. I already 20 provided that information. what I think you did to create the remainder of 21 21 those attachments is simply sum up the totals for The consumer paid amounts in the 22 defendant retailer pharmacy claim datasets 22 the relevant state and retailer found within 23 provided to me do not include data on 23 Conti Exhibit 7 where called for, according to 24 24 dispensing fees, nor any of the other attachment G.1, H.1 or I.1.; is that correct?

13 (Pages 46 - 49)

information that I already discussed as

25

A

Let's go back to my report and assess.

25

	Page 50		Page 52
1	potentially relevant but not again, that	1	data that might be the data that was that
2	they have but was not provided to me.	2	underlies each one of those steps.
3	Therefore, I don't subtract page	3	Q Is there anything that you just talked
4	dispensing fees to offset the cost of the	4	about with manufacturer NDC groupings, or the
5	retailer pharmacies dispensing these products	5	instructions in your report, that is not contained
6	to consumers. This offset has already been	6	already in Exhibit 7?
7	done by the defendant retailer. For each set	7	MR. HONIK: Object to form.
8	of defendant retailer pharmacy claims, I limit	8	THE WITNESS: I'm sorry. What's
9	the claims to the at-issue valsartan product	9	Exhibit 7?
10	NDC codes found in the IQVIA dataset and	10	BY MS. KAPKE:
11	provided to me by counsel.	11	Q The output file.
12	I then sum the total consumer paid	12	A There's that data is there's
13	amounts by product, defendant retailer and	13	underlying data underneath that that you would
14	state. When there is a difference for retail	14	probably need.
15	pharmacy claims, I use the state in which the	15	Q What data would you need underlying
16	retailer pharmacy was located. For mail order	16	the output file to create new Attachments G, H and I
17	pharmacy claims, I use the state where the	17	if you were given new states at issue?
18	prescription was mailed.	18	A You would need the data that you, the
19	I then and then all I did was match	19	retailers, provided to me.
20	that to the states at issue for the specific	20	Q Why? Why isn't that already addressed
21	theory of liability, whether it be liability 1,	21	in your output file?
22	2 or unjust enrichment claims. And all they	22	
23	are varying by is the states that are included	23	MR. HONIK: Object to form.  THE WITNESS: I'm not following your

Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything. I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do
4 5 6 7 8 9 10 11 12	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?	4 5 6 7 8 9 10 11 12	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?
4 5 6 7 8 9 10 11 12 13	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to	4 5 6 7 8 9 10 11 12 13	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything. I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and
4 5 6 7 8 9 10 11 12 13 14	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that	4 5 6 7 8 9 10 11 12 13 14	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.
4 5 6 7 8 9 10 11 12 13 14 15	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you	4 5 6 7 8 9 10 11 12 13 14 15	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't
4 5 6 7 8 9 10 11 12 13 14 15 16	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided	4 5 6 7 8 9 10 11 12 13 14 15 16	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just
4 5 6 7 8 9 10 11 12 13 14 15 16 17	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided to me by the retailer pharmacies and the	4 5 6 7 8 9 10 11 12 13 14 15 16 17	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything. I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just sort and filter. That's not what good data
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided to me by the retailer pharmacies and the manufacturer NDC groupings where we picked up	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything. I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just sort and filter. That's not what good data analysts do. They build that if you're
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided to me by the retailer pharmacies and the manufacturer NDC groupings where we picked up remember, I mentioned we picked up repackager and	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just sort and filter. That's not what good data analysts do. They build that if you're going to redo the calculations to based
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided to me by the retailer pharmacies and the manufacturer NDC groupings where we picked up remember, I mentioned we picked up repackager and and private label drugs that have recast or	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just sort and filter. That's not what good data analysts do. They build that if you're going to redo the calculations to based on on other assumptions, good data practices
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. I think you would have to go back to the data that was provided to me by the retailer pharmacies and the manufacturer NDC groupings where we picked up remember, I mentioned we picked up repackager and and private label drugs that have recast or relabeled NDC codes in order to make that	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	say say we took out you know, we changed two states in Attachment G, G.1. Why can't I go to the the output file and just do a sort and filter and then create new numbers? What what data are you using?  I don't think you're using anything.  I think it's a simple sort and filter. And so that's what I'm trying to understand. Is there something you are doing or can can anyone do do it once you have the output file?  MR. HONIK: Object to form, asked and answered.  THE WITNESS: So, Ms. Kapke, I don't feel comfortable with the idea that you just sort and filter. That's not what good data analysts do. They build that if you're going to redo the calculations to based on on other assumptions, good data practices is to go back to the original dataset, ensure
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	trying to to understand is if the state groupings were to change, if plaintiffs gave you a different version of G.1, H.1 or I.1 with different state groupings, would we need your expertise to create a subsequent version of attachments G, H and I, or could we do that based on what you already gave us with the Conti Exhibit 7, the output file, and simply sort, filter, and subtotal to create new Attachments G, H and I?  A So my method is flexible to accommodate other other assumptions, that inclusion or exclusions of states. 15 (Pages 54 - 57)

	TIAL

	Page 58		Page 60
1	Mr. Goldberg told you yesterday, was if you don't	1	conclusion.
2	understand a question, let us know. And and we	2	You may answer.
3	definitely want that.	3	THE WITNESS: Thank you.
4	So let's go to Attachment I.2, which	4	Allocation and apportionment is
5	is the unjust enrichment calculations. And the	5	outside of the scope of my report.
6	total is the exact same for CVS for Arizona on	6	BY MS. KAPKE:
7	unjust enrichment calculations, correct?	7	Q You would agree that they reflect the
8	A For Arizona, yes.	8	same for a particular state and particular
9	Q So when you talk about total damages	9	manufacturer, they represent the same data which is
10	across defendant manufacturers and retailers not	10	the full patient paid amount, correct?
11	being intended to be summed, you're not intending	11	MR. HONIK: Object to the form.
12	for anyone to sum both consumer protection damages	12	THE WITNESS: I disagree with that
13	and unjust enrichment damages for Arizona or CVS; is	13	characterization.
14	that correct?	14	BY MS. KAPKE:
15	MR. HONIK: Note my objection to the	15	Q Correct it then, please.
16	extent it calls for a legal conclusion.	16	MR. HONIK: Object to form.
17	But you may answer.	17	You can answer.
18	THE WITNESS: So, the the that's	18	THE WITNESS: Okay. So let's go back
19	why I referred to Table 2 and Table 3, if we	19	to the basis of liability versus unjust
20	could go back and explain the deduplication.	20	enrichment.
21	Right. So the liability damages per state and	21	Liability is related to what was paid
22	per manufacturer are deduplicated.	22	at the point of sale. In this case, by the
23	So what I mean by that is, if the	23	by the consumer and TPP, if we're taking this
24	liability damages were calculated for one	24	from a theoretical perspective. And so the
25	state, let's just say Arizona, in one theory of	25	full amount of retailer liability is the the
	Page 59		Page 61
1	liability, and then calculated for another	1	full amount that that was paid by the
2	for exactly the same state, for another theory	2	consumer and by the third-party payor at the
3	of liability for retailers, they were only	3	point of sale, and does not include offsets
4	counted once in Table 2.	4	such as rebates or discounts that might have
5	The unjust enrichment damages are a	5	been applied later.
6	separate calculation for every relevant state	6	Whereas unjust enrichment, if you go
7	manufacturer NDC code finding. So you're	7	to Section C of my report, paragraph 64,
8	actually comparing apples to oranges. The	8	entails understanding what the retailer profits
9	unjust enrichment tables are their own thing.	9	from that sale are. And that would include,
10	And they are listed under Table 3.	10	again, in theory, what the customer paid, what
11	Deduplication is referring to the liability	11	the third-party payor paid, inclusive, minus
12	claims, and they are listed in Table 2. That's	12	the retailer costs.
13	why the deduplication note is referencing	13	Now, those costs, the retailers have
14	Table 2, not Table 3.	14	already taken out the dispensing fee, but one
15	BY MS. KAPKE:	15	can imagine there would be potentially other
16	Q Are you giving an opinion that a	16	costs of dispensing those specific products
17	consumer plaintiff would be entitled to unjust	17	that may be related to the point of sale, and
18	enrichment and liability damages from a retail	18	might include other offsets that could have
19	pharmacy defendant for a particular state?	19	occurred.
20	THE COURT REPORTER: I'm sorry. Can		I discussed that in Footnote 84 where
21	I can I hear the end of the question,	21	I say, "When calculating profits, the other
	=		
22	please?	22	offsets may be removed from gross profit should
	MS. KAPKE: For a particular state.	22 23	the jury or court find these to be reasonable
22	-		

16 (Pages 58 - 61)

1	Page 62 BY MS. KAPKE:	1	Page 64
$\begin{vmatrix} 1 \\ 2 \end{vmatrix}$		1	there might be so this is the revenue paid for
$\frac{2}{3}$	Q In terms of the actual calculation in Attachment I	$\begin{vmatrix} 2 \\ 3 \end{vmatrix}$	this specific claim, aggregated over multiple drugs, multiple
4	A Which which attachment which	4	THE COURT REPORTER: Multiple what
5	exhibit?	5	THE WITNESS: Manufacturers, multiple
6	Q I.	6	time periods.
7	A Right, which exhibit?	7	But there might be additional costs
8	Q Your report, Exhibit 5.	8	that CVS incurred in dispensing that product in
9	MR. HONIK: I think there are multiple	9	a particular time period. All I have is what
10	Is.	10	was paid. But from a theoretical perspective,
11	THE WITNESS: Yeah. There are	11	unjust enrichment should account for the cost
12	multiple Is. There are there are are	12	of dispensing that prescription, which might be
13	multiple there's I think there are five	13	captured by the dispensing fee, but might have
14	Is.	14	additional costs on top of it. That's very
15	BY MS. KAPKE:	15	different than the theory of liability.
16	Q Okay. We can pick any one of them,	16	BY MS. KAPKE:
17	I.2, I.3, I	17	Q Putting aside this theoretical
18	A I can't hear you. I'm sorry.	18	perspective, in terms of the actual generation of
19	Q We can just go to I.2.	19	Attachment I.2, compared to the actual generation of
20	A Okay, I.2. Okay. That's the unjust	20	Attachment H.2
21	enrichment table.	21	A Wait. Hold on. Let's go back to H.2
22	Q Correct.	22	because I'm not sure. I just want to follow along
23	A Right	23	with you.
24	Q It's	24	Okay. So I.2 is unjust enrichment for
25	A Right. Which was which right?	25	CVS, and H.2 is liability claim for CVS. Okay.
	Page 63		Page 65
1	Which is enumerated in sum in Table 3.	1	Q So putting aside the theoretical
2	Q Correct.	2	perspective, the numbers generated in both H.2 and
3	In terms of the actual calculations	3	I.2 are both based on the CVS retail claims data
4	done in Attachment I.2	4	equal to full patient paid amount?
5	A For CVS?	5	A That's correct.
6	Q For CVS.	6	MR. HONIK: Object to form.
7	A Uh-huh.	7	BY MS. KAPKE:
8	Q It is equal to the full patient paid	8	A So I mean, mechanically, they are the
9	amount, correct?	9	same, but theoretically, they are not the same. And
10	A Well, it's equal to the amount of	10	so for my calculation, I only had the data that was
11	co-insurance and co-payments. There might be other	11	provided to me. When when and if a jury finds
12	payments that were made, including a dispense fee.	12	there to be an award to be made, there's a
13	There might be other payments that are made or other	13	different process that would go into consumers or
14	offsets that were made. We just have what we were	14	third-party payors claiming the amount that they are
15	provided by CVS, which is the consumer co-insurance	15	owed.
16	and co-payment amounts.	16	And that's where the theory matters
17	Q If you look at the notes, if you	17	because the liability amounts in the actual world
18	you reference it being equal to the full patient	18	are going to be related to the paid amounts.
19	paid amount?	19	Whereas, the unjust enrichment claims would be paid
20	A But, again, as I mentioned, there are	20	amounts minus cost or revenues minus the cost of
21	other amounts which include the dispensing fee that	21	that prescription being dispensed, which might be
22	consumers usually pay at the pharmacy counter.	22	which might have a particular offset associated with
23	Those were taken out to arrive at these sums.	23	it.
24	And the point of unjust enrichment is	24	Q I'm going to go back to Tables 1 and
25	that it's based on the profit that CVS made, so	25	2.

17 (Pages 62 - 65)

	CONFIL	EN	HAL
	Page 66		Page 68
1	A Okay. Do you mean 2 and 3?	1	allocation determinations? And it's good to know
2	Q No, I actually mean 1 and 2. I want	2	that you don't.
3	to understand the interplay between Table 1, the	3	A I have already testified to that to
4	aggregate manufacturer group damages and Table 2,	4	that three times this morning.
5	the aggregate retailer damages across liability	5	Q I appreciate that.
6	theories of damages.	6	But but let's engage in a
7	By necessity, any damage you've	7	hypothetical world where the manufacturers pay all
8	calculated in Table 2 for a retail pharmacy	8	of the damages. So we're not in a in a world
9	defendant would already be included in the	9	where allocation needs to be made, because the
10	manufacturer defendant calculations in Table 1,	10	manufacturers have paid everything in the "Consumer
11	correct?	11	Damages" column of Table 1. If that's the
12	MR. HONIK: Object to form.	12	hypothetical position that you assume, are there any
13	You can answer.	13	damages left for the retail pharmacy defendants to
14	THE WITNESS: Are you asking me	14	pay?
15	whether the IQVIA data that goes into the	15	MR. HONIK: Note my excuse me
16	calculation for Table 1 would include or be	16	note my objection on a couple of bases.
17	inclusive of the retailer liability calculation	17	Number 1, in the statement that was in
18	in Table 2 for each manufacturer retailer?	18	your question, Kara, that confirmed at least in
19	BY MS. KAPKE:	19	your question, that Dr. Conti made no
20	Q Sure. You can answer that question.	20	allocations, that's not correct. She didn't
21	THE COURT REPORTER: I'm sorry?	21	make legal allocations, but she made lots and
22	BY MS. KAPKE:	22	lots of mathematical allocations, and she spent
23	Q Yeah. Please answer that question.	23	hours talking about that. That's number 1.
24	A Yes, but not in entirety. Because,	24	MS. KAPKE: Sure.
25	again, the retailers are only focused on the the	25	MR. HONIK: And number 2, I just want
	Page 67		Page 69
1	retailer liability claims are only focused on	1	to preserve my ongoing objection that your
2	consumers' co-insurance and co-payment amounts.	2	question really requires a legal conclusion
3	Whereas, the manufacturer liability claims are	3	about what liability will yield in the way of
4	related to total payments for the at-issue drugs in	4	an allocation as directed by a court or a
5	the at-issue time periods and the at-issue data.	5	jury's verdict or otherwise.
6	Q So suppose a manufacturer strike	6	With that, she can answer.
7	that.	7	THE WITNESS: Thank you.
8	Suppose the manufacturers paid to	8	So this is your hypothetical, and
9	consumers all of the damages in Table 1 under	9	these are your assumptions. They're not mine.
10	"Consumer Damages." That would mean the consumers	10	And my understanding is that that
11	were satisfied in full, correct? There'd be no	11	those determinations are ones that will be
12	damages left for the retail pharmacy defendants to	12	answered by a court and a jury. They are
13	pay?	13	they are outside my purview as I've already
14	MR. HONIK: Object to the form and to	14	testified.
15	the extent it calls for a legal conclusion	15	BY MS. KAPKE:
16	regarding ultimate allocation.	16	Q Okay. I'm going to try to ask another
17	THE THE COURT REPORTER: Ultimate	17	hypothetical question to get at it to get at it a
18	MR. HONIK: Allocation.	18	different way.
19	THE COURT REPORTER: Thank you.	19	Assume a world in which all of all
20	THE WITNESS: Again, allocation	20	that has occurred to date has occurred except the
21	concerns are outside the scope of my analysis.	21	filing of the lawsuit. And Aurobindo and Hetero and
22	BY MS. KAPKE:	22	Mylan and Teva and Torrent and ZHP paid to consumers
23	Q And I and I understand that. And	23	the sum total of , whatever the number is
24	actually that was going to be my next question.	24	on the bottom of that
25		25	MC KADKE, Which I double set for

18 (Pages 66 - 69)

MS. KAPKE: Which I should note, for

25

25

Do you ever -- you know, do you make

	Page 70		Page 72
1	the record, that that's considered that	1	question. I'm sorry. Are we still in
2	number is considered a confidential number for	2	that this weird hypothetical world?
3	purposes thank you for zooming in for	3	BY MS. KAPKE:
4	purposes of the protective order. I'm going to	4	Q No.
5	start my question over.	5	A I wasn't asked to calculate or do any
6	THE WITNESS: Thank you.	6	analysis of?
7	BY MS. KAPKE:	7	Q No. I'm asking a separate question.
8	Q Yeah. Assume a world in which	8	A Oh, okay.
9	everything has occurred except for the filing of	9	Q Does would the the consumer
10	the of this lawsuit. And independent of a	10	damages total represent a full refund of all the
11	lawsuit, the manufacturers listed in Table 1 pay out	11	money that the consumer spent on the at-issue
12	to consumers the damages listed in column the	12	valsartan?
13	column marked "Consumer Damages" in Table 1.	13	MR. HONIK: Same objection as
14	So outside of the legal realm, in that	14	previously stated.
15	instance, do the consumers have any damages left?	15	THE WITNESS: A full refund? What do
16	MR. HONIK: Note my objection on the	16	you mean by "a full refund"? I don't use that
17	same basis as previously stated and insofar as	17	term in my report, so I would like you
18	this is an improper hypothetical and well	18	to I'd like you to define it for me.
19	beyond the scope of a health economist's	19	BY MS. KAPKE:
20	opinion as expressed here. Finally, I would	20	Q Would it I'll I'll withdraw that
21	just add by way of objection that what you're	21	question.
22	really getting at is a kind of reallocation,	22	What do the numbers in the "Consumer
23	not allocation. And I remind everyone that	23	Damages" column of Table 1 represent?
24	what Dr. Conti has done is to simply present a	24	MR. HONIK: Objection, asked and
25	methodology for assessing damages, the	25	answered.

20 (Pages 74 - 77)

1	Page 78		Page 80
	BY MS. KAPKE:	1	MR. HONIK: Object to form.
2	Q Your formula.	2	You can answer.
3	A In paragraph in paragraph 60 on	3	THE WITNESS: I'm not following. What
4	Formula 1? It is not related it does not break	4	are the three groups?
5	down into different types of payor types.	5	BY MS. KAPKE:
6	Q I'm looking at Formula 2 in	6	Q The insured, co-pay or co-insurance
7	paragraph 61.	7	pay group purchasers?
8	A Okay. So you said you directed me	8	A Hold on. Those are two groups, not
9	to paragraph 60 and 61. I'm just trying to follow.	9	three.
10	Q Okay. Here's my question. When you	10	MR. HONIK: Yeah.
11	reference uninsured cash paying purchases, are you	11	BY MS. KAPKE:
12	referring to anyone who did not have a co-pay, or	12	Q That's what I don't understand
13	are you referring to a subset of those who paid with	13	THE COURT REPORTER: I can't take this
14	physical cash?	14	down. I cannot do that. One at a time.
15	A I don't understand your question. I'm	15	MR. HONIK: Kara, respectfully, I
16	sorry.	16	think you misspoke. You said insured. I think
17	Q In other words, are you are you	17	you meant cash. It's cash, co-pay,
18	including in your formula uninsured patients who	18	co-insurance.
19	paid for valsartan with a credit card? Do	19	BY MS. KAPKE:
20	you what do you mean by cash?	20	Q No. So I'm looking at the third
21	A Okay. Cash is cash, right? So what I	21	under where the third line there, it says, Qdt
22	mean by this is they are paying out of pocket. The	22	co-pay equals the quantity of product d purchased at
23	method of payment, whether it be literally a \$5 bill	23	time period t for, 1, insured, 2, co-pay or 3,
24	or using a credit card, from the industry's	24	co-insurance paying purchasers.
25	perspective, both of those types of payments, that	25	I don't know and I don't know what
	Page 79		Page 81
$\frac{1}{2}$	people are paying out of pocket, they are paying in	1	you mean, if there is a distinction between those
2	cash.	2	three words, insured, co-pay or co-insurance. Or do
2 3	cash. Q Okay. That's what I assumed. I need	2 3	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?
2 3 4	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what	2 3 4	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition
2 3 4 5	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.	2 3 4 5	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?
2 3 4 5 6	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying	2 3 4 5 6	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference
2 3 4 5 6 7	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full	2 3 4 5 6 7	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.
2 3 4 5 6	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that	2 3 4 5 6 7 8	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the
2 3 4 5 6 7 8	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?	2 3 4 5 6 7 8	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes
2 3 4 5 6 7 8 9	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that	2 3 4 5 6 7 8 9	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the
2 3 4 5 6 7 8 9	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser? MR. HONIK: Objection, asked and	2 3 4 5 6 7 8 9	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're
2 3 4 5 6 7 8 9 10	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser? MR. HONIK: Objection, asked and answered.	2 3 4 5 6 7 8 9 10 11	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and
2 3 4 5 6 7 8 9 10 11 12	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser? MR. HONIK: Objection, asked and answered. You can answer.	2 3 4 5 6 7 8 9 10 11 12	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are
2 3 4 5 6 7 8 9 10 11 12 13	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.	2 3 4 5 6 7 8 9 10 11 12 13	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	cash. Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today. So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser? MR. HONIK: Objection, asked and answered. You can answer. THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs. BY MS. KAPKE:	2 3 4 5 6 7 8 9 10 11 12 13	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase,
2 3 4 5 6 7 8 9 10 11 12 13 14 15	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of	2 3 4 5 6 7 8 9 10 11 12 13 14 15	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers, correct?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the term "Qdt cash," those are uninsured cash paying
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers, correct?  A Right. That's what it says here.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the term "Qdt cash," those are uninsured cash paying purchasers.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers, correct?  A Right. That's what it says here.  Q Yes. Here here is my question: Is	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the term "Qdt cash," those are uninsured cash paying purchasers.  THE WITNESS: And for the court
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers, correct?  A Right. That's what it says here.  Q Yes. Here here is my question: Is there a difference between insured co-pay or	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the term "Qdt cash," those are uninsured cash paying purchasers.  THE WITNESS: And for the court reporter, you should actually highlight the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	cash.  Q Okay. That's what I assumed. I need to check all of my assumptions, and that's what we're here to do here today.  So for the uninsured cash paying purchases, the formula requires input of the full purchase price of the product. How is that determined for the uninsured cash paying purchaser?  MR. HONIK: Objection, asked and answered.  You can answer.  THE WITNESS: It's the full amount that they paid at the pharmacy counter for the at-issue drugs.  BY MS. KAPKE:  Q Okay. And then for the other part of the formula, you're looking at insured co-pay or co-insurance paying purchasers purchasers, correct?  A Right. That's what it says here.  Q Yes. Here here is my question: Is	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	three words, insured, co-pay or co-insurance. Or do they all mean the same thing?  A Are you asking me for the definition of insured, co-pay, co-insurance?  Q I'm asking if there's a difference between those those three things.  A Okay. There is a variable in the Xponent data that delineates or distinguishes between people who are paying cash they're uninsured for that specific prescription and people who are who are insured and still are required to pay a co-insurance or co-pay amount.  So the first part of this last phrase, "insured or cash" in the previous tab under "quantity," delineates the distinction. Are these people cash paying, or are these people insured and paying a co-payment or a co-insurance? And the way that you can tell the difference is if you go to the term "Qdt cash," those are uninsured cash paying purchasers.  THE WITNESS: And for the court

	Page 82		Page 84
1	BY MS. KAPKE:	1	So the economic price for damages
2	Q Okay. And this	2	equals the price of each at-issue prescription sold
3	A Hold on, just to make sure that we're	3	and paid. That relates to the liability damages
4	on the same page.	4	that you offered up a formula for, not the unjust
5	And then for people who are insured,	5	enrichment damages that you offered an opinion on;
6	sometimes they don't have to pay anything when they	6	is that correct?
7	get their prescription filled, particularly for	7	MR. HONIK: Object to form.
8	really low-cost generic drugs. And sometimes they	8	A I don't follow your question.
9	are still required by their insurer to pay a	9	BY MS. KAPKE:
10	co-insurance and a or a co-payment amount, and	10	Q Okay. I'll I'll withdraw it.
11	then their insurer may pay the remainder.	11	Okay. Let's go to the unjust
12	That is the distinction that we are	12	enrichment formula. I don't remember what paragraph
13	making here or that I am making here.	13	that is.
14	Q Thank you. That's helpful.	14	MR. HONIK: 63.
15	Is there a difference between a co-pay	15	MS. KAPKE: Thanks. Thank you, Ruben.
16	and a co-insurance?	16	BY MS. KAPKE:
17	A Yes.	17	Q The basic formula you list here is
18	Q What is that?	18	revenue minus costs, and then you expand that out to
19	A So co-payments tend to be flat. In	19	provide additional detail. And I want to ask about,
20	other words, \$5 for every every generic	20	first, revenue.
21	prescription or \$1 for every generic prescription.	21	To determine revenue, you offer a
22	Whereas co-insurance is a percentage of the total	22	formula of average out-of-pocket costs for Unit 2
23	paid amount or the total charge for their	23	consumers of product d sold by the retailer over
24	prescription. So it's to make it really	24	time period t. In this formula, does this average
25	concrete, it will be 15 percent of the total paid	25	out
1	Page 83 amount.	1	Page 85  A I don't see that. I'm sorry.
2	Q Got it. Thank you.	2	So actually, I I define retail
3	Okay. Let's go to Paragraph 56 of		•
4		3	revenue of product product d. sold to consumers
		3 4	revenue of product product d, sold to consumers over time period t. Is that what you're referring
	your report. And can you read to yourself		over time period t. Is that what you're referring
5	your report. And can you read to yourself the that paragraph?	4	over time period t. Is that what you're referring to?
	your report. And can you read to yourself the that paragraph?  A So that's finished.	4 5	over time period t. Is that what you're referring to?  Q Uh-huh.
5 6 7	your report. And can you read to yourself the that paragraph? A So that's finished. Q Let me know when you're done.	4 5 6 7	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about
5 6 7 8	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd	4 5 6 7 8	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5.
5 6 7 8 9	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it.	4 5 6 7 8 9	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct.
5 6 7 8 9 10	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a	4 5 6 7 8 9 10	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay.
5 6 7 8 9 10 11	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following.	4 5 6 7 8 9 10 11	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU,
5 6 7 8 9 10 11 12	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done.  MR. HONIK: It's a request. She'd like you to read it.  THE WITNESS: Oh, okay. It's a request, all right. Just just following.  MR. HONIK: Yeah.	4 5 6 7 8 9 10 11 12	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to
5 6 7 8 9 10 11 12 13	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.	4 5 6 7 8 9 10 11 12 13	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over
5 6 7 8 9 10 11 12 13 14	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay. BY MS. KAPKE:	4 5 6 7 8 9 10 11 12 13 14	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?
5 6 7 8 9 10 11 12 13 14 15	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail	4 5 6 7 8 9 10 11 12 13 14 15	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form.
5 6 7 8 9 10 11 12 13 14 15 16	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud?	4 5 6 7 8 9 10 11 12 13 14 15	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer.
5 6 7 8 9 10 11 12 13 14 15 16 17	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to	4 5 6 7 8 9 10 11 12 13 14 15 16	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says
5 6 7 8 9 10 11 12 13 14 15 16 17 18	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay. BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay. BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE:
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer. THE WITNESS: We already talked about	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE: Q Okay. Does that average out-of-pocket
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	your report. And can you read to yourself the that paragraph?  A So that's finished.  Q Let me know when you're done. MR. HONIK: It's a request. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer. THE WITNESS: We already talked about this multiple times. I was asked to assume	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE: Q Okay. Does that average out-of-pocket cost per unit to consumers in your formula include
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer. THE WITNESS: We already talked about this multiple times. I was asked to assume what was in the complaint and discussed in my	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE: Q Okay. Does that average out-of-pocket cost per unit to consumers in your formula include only class members or all individuals who are
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay. BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer. THE WITNESS: We already talked about this multiple times. I was asked to assume what was in the complaint and discussed in my Paragraphs 1, 2 and 3.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE: Q Okay. Does that average out-of-pocket cost per unit to consumers in your formula include only class members or all individuals who are dispensed at-issue valsartan?
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	your report. And can you read to yourself the that paragraph?  A So that's finished. Q Let me know when you're done. MR. HONIK: It's a request. She'd like you to read it. THE WITNESS: Oh, okay. It's a request, all right. Just just following. MR. HONIK: Yeah. THE WITNESS: Okay.  BY MS. KAPKE: Q Are you alleging that the retail pharmacy defendants committed fraud? MR. HONIK: Object to the form and to the extent it calls for a legal conclusion. You can answer. THE WITNESS: We already talked about this multiple times. I was asked to assume what was in the complaint and discussed in my	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	over time period t. Is that what you're referring to?  Q Uh-huh. A Okay. And then I go on to talk about revenue expressed in Formula 5. Q Correct. A Correct. Okay. Q And in Formula 5, the consumer, PPU, is the average out-of-pocket cost per unit to consumers of product d sold by the retailer over time period t?  MR. HONIK: Object to form. You can answer. THE WITNESS: That's what it says here.  BY MS. KAPKE: Q Okay. Does that average out-of-pocket cost per unit to consumers in your formula include only class members or all individuals who are

22 (Pages 82 - 85)

	Page 86		Page 88
1	You can answer.	1	theoretical perspective, saying that you need to
2	THE WITNESS: I'm sorry, I don't	2	factor in the average cost of product the average
3	understand the question you're asking. Can you	3	out-of-pocket cost per unit to consumers, when
4	please clarify?	4	you're doing that average, are you including
5	BY MS. KAPKE:	5	consumers
6	Q For purposes of your formula, when	6	A In theory in theory or in practice?
7	you're calculating the average out-of-pocket cost	7	Q In theory.
8	per unit to consumers, are you including in	8	A Okay.
9	consumers, in your theoretical world, all consumers	9	Q In theory, does your average include
10	of at-issue valsartan or only class members?	10	those consumers who paid nothing?
11	MR. HONIK: Object to form, calls for	11	MR. HONIK: Object to the form.
12	a legal conclusion.	12	You can answer.
13	You may answer.	13	THE WITNESS: So by definition,
14	THE WITNESS: I mean, as a as a	14	mechanically, they would contribute 0, right?
15	mechanical concern, we're only or I'm only	15	And so there is no payment made.
16	calculating based on consumers that paid for	16	BY MS. KAPKE:
17	the at-issue drugs in the at-issue time period,	17	Q So do you include them in the
18	their out-of-pocket cost.	18	denominator?
19	BY MS. KAPKE:	19	A They fall out of the denominator in
20	Q Would the average out-of-pocket cost	20	theory because they pay 0.
21	include consumers who paid nothing?	21	Q Okay. I want to go to the formula to
22	MR. HONIK: Object to the form, and	22	determine costs in your report.
23	class membership is a legal matter, beyond the	23	So retailer costs of dispensing
24	scope.	24	product d to consumers over time period t, do you
25	THE WITNESS: I don't understand what	25	see that?
	Page 87		Page 89

Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and
2 3 4 5 6 7 8 9 10 11 12	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average	2 3 4 5 6 7 8 9 10 11 12	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over
2 3 4 5 6 7 8 9 10 11 12 13	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers.	2 3 4 5 6 7 8 9 10 11 12 13	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the
2 3 4 5 6 7 8 9 10 11 12 13 14	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay.	2 3 4 5 6 7 8 9 10 11 12 13	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing.
2 3 4 5 6 7 8 9 10 11 12 13 14 15	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay. THE WITNESS: There's a formula. Then	2 3 4 5 6 7 8 9 10 11 12 13 14 15	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay. THE WITNESS: There's a formula. Then there's a mechanical calculation. Those are	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what? A Well, the retailers took
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay. THE WITNESS: There's a formula. Then there's a mechanical calculation. Those are two different things, right?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what? A Well, the retailers took out interpreted that as the dispensing fee and
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay. THE WITNESS: There's a formula. Then there's a mechanical calculation. Those are two different things, right? MR. HONIK: That's the mash-up	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what? A Well, the retailers took out interpreted that as the dispensing fee and took the dispensing fee for each prescription out of
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula MR. HONIK: Does "untethered" mean crazy? MS. KAPKE: No.  BY MS. KAPKE: No.  BY MS. KAPKE: Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers. MR. HONIK: Okay. THE WITNESS: There's a formula. Then there's a mechanical calculation. Those are two different things, right? MR. HONIK: That's the mash-up problem, Kara. You're mashing up two things.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what? A Well, the retailers took out interpreted that as the dispensing fee and took the dispensing fee for each prescription out of the data that was provided to us.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	you're asking. I'm sorry.  MS. KAPKE: Okay. And, Ruben, I'm going to just ask a question that's untethered to my prior questions.  BY MS. KAPKE:  Q So in looking at this formula  MR. HONIK: Does "untethered" mean crazy?  MS. KAPKE: No.  BY MS. KAPKE:  Q I just want to I want to try and figure out this how you're deriving average out-of-pocket cost per unit to consumers.  MR. HONIK: Okay.  THE WITNESS: There's a formula. Then there's a mechanical calculation. Those are two different things, right?  MR. HONIK: That's the mash-up problem, Kara. You're mashing up two things.  THE WITNESS: Yeah. I don't	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	A Yes. Q Are you referring in your formula here, from the theoretical perspective, only to the amount of money that a pharmacy would pay to a wholesaler or directly to a manufacturer for the dispensed product? A Go down to Formula 6 on the next page, and you can see how I defined costs. Retail costs of dispensing to consumers can be expressed in Formula 6 as a function of the quantity of units of product d sold to consumer over time period t and the average retailer cost per unit of product d over time period t to dispense to consumers. It is the cost of dispensing. Q And that would include what? A Well, the retailers took out interpreted that as the dispensing fee and took the dispensing fee for each prescription out of the data that was provided to us. Q I want to I want to remove the

23 (Pages 86 - 89)

	Page 90		Page 92
1	of this formula?	1	those are point of sale costs, because my
2	MR. HONIK: Object to form.	2	understanding is that is that they are not.
3	THE WITNESS: I'm not calculating	3	BY MS. KAPKE:
4	retailer costs here. I'm talking I'm	4	Q I'm asking you if what your formula
5	referring to dispensing costs. They are	5	takes into consideration.
6	different things.	6	A I already defined that. It's the cost
7	BY MS. KAPKE:	7	of dispensing a product to the consumer.
8	Q Okay.	8	Q Okay. So if and let's just take a
9	A I mean, that's what's listed here.	9	hypothetical
10	Retailer cost of this dispensing to consumers,	10	A Another hypothetical.
11	that's that's what I'm that's the object in	11	Q outside outside of valsartan.
12	theory that I'm referring to.	12	Say a drug say a pharmacy purchases
13	Q Okay. And the same question; taking	13	a drug from directly from a manufacturer for \$10
14	away the mechanical aspect of this, in theory, from	14	and then sells that drug to an uninsured customer
15	a purely academic perspective, what do you want to	15	for \$20. And say that the dispensing costs are \$5,
16	see in terms of retailer cost of dispensing to	16	and we're in this weird world where we know that the
17	consumers?	17	dispensing costs are \$5. Is the profit, under your
18	MR. HONIK: Object to form.	18	formula, \$5 or \$10?
19	THE WITNESS: It's the unit cost of	19	MR. HONIK: Object to form.
20	dispensing a given prescription to a given	20	THE WITNESS: Okay. So you have a
21	patient.	21	very that is that is a hypothetical that
22	BY MS. KAPKE:	22	is bizarre in many ways. And I'm not aware of
23	Q What goes into that?	23	a generic drug having a dispensing fee of \$5
24	A The marginal cost of dispensing will	24	ever associated with it. So let's just
25	be the labor cost of filling the the vial and	25	dispense it.
	Page 91		Page 93
1	actually giving it to the patient. It might include	1	At the end of the day, it is the
2	some additional costs as well. But they are	2	cost the dispensing costs are the costs that
3	marginal marginal to the dispensing of an actual	3	are incremental to a given patient in a given
4	unit to a patient at the point of sale.	4	drug at the point of sale.
5	THE COURT REPORTER: I'm sorry?	5	So as I mentioned before, it's the
6	THE WITNESS: At excuse me the	6	cost of putting the drug in the vial. It's the
7	point of sale.	7	cost of putting it in the bag. It's the cost
8	THE COURT REPORTER: Thank you.	8	of printing the label and giving all the
9	THE WITNESS: It can be the cost of	9	consumer information to the consumer. It might
10	the vial itself. It can be the cost of a paper	10	be the labor cost of the pharmacist talking to
11	bag. It can be the cost of the clerk sitting	11	the patient about the benefits and side-effects
12	at the pharmacy counter actually giving it to	12	of taking this drug relative to others, and
13	the patient and ringing them up for the charge.	13	side-effect profile of that drug at the point
14	It could be the incremental cost of the	14	of sale. That's what I think dispensing cost
15	pharmacist, actually their time inputting the	15	means.
16	drug into the the unit, and then into the	16	BY MS. KAPKE:
17	bag that they get at the pharmacy counter.	17	Q Thank you for that.
18	Those are dispensing costs.	18	And I'm I'm just trying to
19	BY MS. KAPKE:	19	understand if your if the cost of procurement is
			:
20	Q Does your formula take into account,	20	included in your formula for cost?
20 21	Q Does your formula take into account, in addition to dispensing costs, the actual cost of	21	A Where do you see in my report that the

1	separate times. It's also defined very clearly in	1	out of the data they gave me. There's no this is
2	my report. This is a	2	not a theoretical. This is an this relates to an
3	Q I'm not asking you	3	actual thing, that you, the retailers, know what it
4	A Excuse me. This is a term of art in	4	is because you took it out of the data that was
5	this field. I am using it correctly and precisely,	5	provided to myself and my staff.
6	and I have restated over and over again the	6	Q What are DIR fees?
7	definition of dispensing cost.	7	A They are payments that can be made
8	Q I understand that.	8	between entities in the pharmaceutical industry.
9	I'm not asking you if your so your	9	Q Is it your understanding that DIR fees
10	formula is revenue minus costs?	10	are typically collected retrospectively after the
11	A No. My formula is retail cost of	11	point of sale?
12	dispensing to consumers. That is in Formula 6	12	A My understanding is that there's a
13	Q Okay. I'm looking at	13	range of different arrangements.
14	A where I define the cost of	14	THE THE COURT REPORTER: There is or
15	dispensing to the consumer at the point of sale.	15	there isn't a range?
16	It's the quantity of the unit times average retailer	16	THE WITNESS: There is a range of
17	cost per unit of dispensing to the consumer.	17	different arrangements. And they only relate
18	Dispensing to the consumer is a cost. Anyone who	18	to certain types of products and a certain type
19	knows anything about this industry knows what a	19	of transaction and certain time periods. The
20	dispensing cost is. It's related to the labor and	20	use of DIR fees have been growing over time.
21	capital that goes into handing a prescription of the	21	BY MS. KAPKE:
22	drug to a patient at the pharmacy counter. That is	22	Q Are there other fees besides DIR fees
23	what I am using here as cost.	23	that are assessed after the point of sale?
24	Q Let's look at Formula 4, please.	24	A For who to who?
25	A No. I'm not I mean, I'm happy to	25	Q For commercial plans.
	Page 95		Page 97
1	go back to Formula 4. But, again, I define the cost	1	A I don't I don't understand I
2	in Formula 4 as related to Formula 6, the cost of	2	don't understand the question.
3	dispensing to consumers. They are one and the same.	3	Q Okay. I'll withdraw it.
4	Q Okay. That's what I'm trying to	4	Can you explain, generally, what a
5	understand. And and I'm sorry if I am I I	5	
6	don't under I don't understand the answer to	1	dispensing fee is?
7	don't under 1 don't understand the unswer to	6	dispensing fee is?  MR. HONIK: Objection, asked and

Does the formula in Formula 4, when it says revenue minus costs, does costs there refer to any costs other than the dispensing costs that you have identified for me and explained?  A Again, the cost defined in Formula 4, cost dt, is defined underneath cost dt equals the retailer cost of dispensing product d to consumers over time period t.  I then go on to define cost in more detail where I say, retailer costs of dispensing to consumers can be expressed in Formula 6 as cost dt equals Qdt, the quantity of units of product d sold to consumers over time period t times the retailer CPUdt, the average retailer cost per unit of product d over time period t to dispense to consumers. I can't I can't be any clearer than that.	7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MR. HONIK: Objection, asked and answered.  THE WITNESS: Like, seven times, but who's counting?  So a dispensing fee is a fee that is charged to consumers and to third-party payors for the dispensing of a prescription at the point of sale.  BY MS. KAPKE:  Q Who do you believe pays the dispensing fee?  A Well, I'll tell you that I went to the pharmacy earlier this week, and I paid the dispensing fee. So usually for oral drugs, consumers at the point of sale pay dispensing fees if they  THE THE COURT REPORTER: If they what? THE WITNESS: If they are required to.

26 (Pages 98 - 101)

	Page 102		Page 104
1	Q In what context did you work with	1	Q Okay. All right. We may follow up
2	those folks at Cardinal and AmerisourceBergen?	2	with your counsel on that.
3	A Again, just in the normal course of my	3	A Sure.
4	business, I spend a lot of time trying to understand	4	Q Have you you mentioned earlier
5	how this industry works and the role wholesalers has	5	today a study that you did, I think when you were a
6	is part of the part of the ecosystem.	6	professor at Chicago, involving Walgreens and data
7	Q Were you	7	that you were working with from from Walgreens.
8	A So I can be I can be more specific.	8	Do you remember that discussion?
9	I've been on I've been on panels and conferences.	9	A Yes.
10	I've been in closed-door meetings, discussing	10	Q Okay. Have you ever done any sort of
11	various issues related to reimbursement, financing,	11	similar study with the wholesaler or with wholesaler
12	organization, regulation, where wholesaler	12	data like the Walgreens study?
13	representatives have been there. And I know	13	A I have so, I have never published
14	something about the wholesaler data that that	14	work in
15	wholesalers such as Cardinal and AmerisourceBergen	15	THE THE COURT REPORTER: I'm sorry. I
16	maintain. What else should I tell you?	16	have never published working
17	I teach about the role of wholesalers	17	THE WITNESS: Work in collaboration
18	in this ecosystem and have had the pleasure of	18	with the wholesalers who are members in this
19	reviewing shareholder reports of AmerisourceBergen,	19	matter. I have looked at wholesaler data where
20	Cardinal and other public wholesalers operating in	20	the it was shared with me at a screen share.
21	the U.S. market.	21	BY MR. CAMPBELL:
22	Q And so you mentioned that earlier this	22	Q What sort of wholesale data was shared
23	morning. Those are the public finance reports that	23	with you on a screen share?
24	you reviewed either last night or this morning?	24	A Transaction data for specific drugs.
25	A No, I mean so, again, I'm talking	25	Q Related to the drugs at-issue in this
	Page 103		Page 105
1	generally. So part of my course that I teach on	1	case?
2	Strategy in the Pharmaceutical Industry requires	2	A No.
	5 1	1	A NO.

And I certainly looked over gross revenues of the retailer pharmacies as well.  Q Do you remember any specific individuals at Cardinal or AmerisourceBergen at any of those conferences or panels when you were there with them?  A Not off the top of my head. I am in email correspondence with a number of former executives working on some work related to private labeling activities for some drugs that went into	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q And do you remember the components of the transaction data that were shared with you?  A Yeah. There were drug names, units and  THE COURT REPORTER: And  THE WITNESS: Paid amounts.  And there were also, I think,  manufacturer names as well. But in this specific context, we were we were actually looking at the differences in  THE THE COURT REPORTER: I'm sorry Somebody is shuffling papers.  We were looking at the differences in  THE WITNESS: We were looking at transactions I'm sorry. There's a lot of background noise. I hear it too.  There's there were transactions related to manufacturers and for specific drugs. And then the relabeling of certain

27 (Pages 102 - 105)

	Page 106		Page 108
1	BY MR. CAMPBELL:	1	Q It took you many hours, also, to write
2	Q Were there any confidentiality	2	the report, correct?
3	agreements related to that data that you were shown?	3	A Yes.
4	A I in at least one interaction, I	4	Q Okay. All right. Do you remember how
5	did sign a confidentiality agreement. But it wasn't	5	much of that time you actually spent writing the
6	for any of the wholesalers that are named in this.	6	last two pages of the report, which has the formulas
7	Q You said that was a screen share. So	7	for the wholesalers, the proposed formulas?
8	did you take any documents back with you? Do you	8	A Yeah. I thought a lot about those
9	have any documents on your computer or on your desk	9	last two those last two pages.
10	or anything like that?	10	Q Do you know the number of hours you
11	A No. I wish, but no. Yeah.	11	spent on those last two pages?
12	Q And was it that experience and looking	12	A No, sorry, not off the top of my head.
13	at that data that informed your opinions here about	13	As I told you, I I have been a little bit remiss
14	the damages calculation as to wholesalers?	14	in getting my time together. I like to double and
15	A Well, we talked about this yesterday,	15	triple check it before I submit it, and it's been a
16	that I mean, I've spent every day for the past	16	busy couple of months. So I don't know. I'm sorry.
17	20 years thinking about how this how this system	17	Q That's all right.
18	works, and specifically how prescription drugs go	18	And in the records that you do have of
19	from base ingredients to to API to fill and	19	the time that you spent on the report, would they
20	finish, manufacturing, you know, through the supply	20	indicate which parts of the report you were working
21	chain, which includes distributers and then,	21	on?
22	ultimately, to reach our pharmacies or to hospitals	22	A Not really.
23	or to medical groups and then, finally, to be	23	Q So will we ever see an invoice, for
24	infused, injected or dispensed to consumers.	24	example, that breaks down which portions of the
25	Certainly, the role of wholesalers is	25	report you were working on in a given time entry?
	Page 107		Page 109
1	a very important one in this field, and one that I'm	1	A Do you mean, like, Section 1, 2 and 3?
2	involved I routinely understand and and am	2	Q Yes, or or by page number?
3	thinking about in in my academic roles. So	3	A I haven't apportioned to that. That's
4	therefore, by definition, it informs how I think	4	
_		1	just not how I work, so no.
5	about their role in this case. But	5	Q Okay. If you
6	about their role in this case. But Q Got you.	5 6	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech
6 7	about their role in this case. But Q Got you. A I actually haven't spent that much	5 6 7	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's
6 7 8	about their role in this case. But  Q Got you.  A I actually haven't spent that much time writing about distributors and wholesalers, in	5 6 7 8	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer
6 7 8 9	about their role in this case. But  Q Got you.  A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all	5 6 7 8 9	Q Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section
6 7 8 9 10 11 12 13 14 15 16 17 18 19	about their role in this case. But  Q Got you. A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?	5 6 7 8 9 10 11 12 13 14 15 16 17 18	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	about their role in this case. But  Q Got you. A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?  A Yes.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case Documents"?
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	about their role in this case. But  Q Got you. A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?  A Yes.  Q Okay. And we looked at some of the	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case Documents"? A Yes.
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	about their role in this case. But  Q Got you.  A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?  A Yes.  Q Okay. And we looked at some of the hours yesterday, and let's just say dozens of hours	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case Documents"? A Yes. Q All right. So in this section of case
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	about their role in this case. But  Q Got you.  A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?  A Yes.  Q Okay. And we looked at some of the hours yesterday, and let's just say dozens of hours to write your report, right?	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case Documents"? A Yes. Q All right. So in this section of case documents, is this a list of all the documents that
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	about their role in this case. But  Q Got you.  A I actually haven't spent that much time writing about distributors and wholesalers, in part because the data is all  THE COURT REPORTER: The what?  THE WITNESS: The data is opaque.  It's not normally what we I have access to in my in the course of my daily research research.  BY MR. CAMPBELL:  Q You mentioned yesterday that the report, which is, I think, Exhibit 5, that that report took you, I think you said many months to write. Do you remember that?  A Yes.  Q Okay. And we looked at some of the hours yesterday, and let's just say dozens of hours to write your report, right?	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Q Okay. If you MR. CAMPBELL: If Mr. or Ms. Tech could pull up the report, I think it's Exhibit 5. And, Dr. Conti, I'm going to refer you to Attachment B to start with, please. BY MR. CAMPBELL: Q Dr. Conti, let me know when you're at Attachment B. A Just give me a second. Q Sure. A Okay. Q And I'm going to stay on the first page of Attachment B, so you don't have to worry about flipping pages here. Do you see the section that's the second section that's called "Case Documents"? A Yes. Q All right. So in this section of case

28 (Pages 106 - 109)

	Page 110		Page 112
1	A Yes.	1	Cardinal Health, McKesson or AmerisourceBergen in
2	Q So there are no documents coming out	2	this case, correct?
3	of this case that you reviewed but did not list?	3	A Correct.
4	A Right. Other than in the course of	4	Q Did you ask to see any electronic data
5	normal events in my daily life, I know something about all of these all of the defendants.	5	from any of them?  A Yes.
6	Defenses.	6 7	
7 8		8	Q All right. And so who did you ask? A Counsel.
9	Q Right. Okay. And so you list here one declaration of Matthew Sample. Do you see that?	9	Q What were you told?
10	It's the second one listed.	10	MR. HONIK: Let me note my note my
11	A Yes.	11	objection. It invades the attorney work
12	Q Do you know who Matthew Sample is an	12	product and other privileges.
13	employee of?	13	But without waiver of that objection,
14	A I don't, not off the top of my head.	14	she may answer.
15	Oh, I do, actually. It's in Footnote 76, defendant	15	THE WITNESS: That there were that
16	wholesaler AmerisourceBergen Corporation represented	16	there was no
17	that producing such data would be	17	THE THE COURT REPORTER: That there
18	THE COURT REPORTER: I'm sorry,	18	was no
19	Doctor. Producing such data would be	19	THE WITNESS: Data produced.
20	THE WITNESS: Sorry. Footnote 76, if	20	BY MR. CAMPBELL:
21	we can go back to my main report.	21	Q Let me refer you back in your report
22	BY MR. CAMPBELL:	$\begin{vmatrix} 21\\22\end{vmatrix}$	to Paragraph 3, early on in your report
23	Q And, Dr. Conti, you don't need to read	23	MR. CAMPBELL: If the tech can get
24	it. I just wanted to ask you a simple question.	24	back to that area, please.
25	Did you review any other or any declarations from	25	buck to that area, prease.
1	Page 111 any other wholesaler representatives	1	Page 113 BY MR. CAMPBELL:
2	A Not not off the top	2	Q And I just want to ask you, Dr. Conti,
3	Q in this case?	3	while I'll set it up for you while the tech is
4	A Not off the top of my head.	4	
5			TOTO DACK I WANT TO ASK VOIL ADOLL SOTTE OF THE
6	O And did you review any documents that	5	going back. I want to ask you about some of the
	Q And did you review any documents that	5	assumptions regarding wholesalers specifically.
	were produced by either Cardinal Health or McKesson	6	assumptions regarding wholesalers specifically. Okay?
7	were produced by either Cardinal Health or McKesson or AmerisourceBergen?	6 7	assumptions regarding wholesalers specifically. Okay?  A Okay.
7 8	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No.	6	assumptions regarding wholesalers specifically.  Okay?  A Okay.  Q So you say in Paragraph 3 that,
7 8 9	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition	6 7 8 9	assumptions regarding wholesalers specifically.  Okay?  A Okay.  Q So you say in Paragraph 3 that,  "Plaintiffs' counsel have also asked me to assume
7 8 9 10	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of	6 7 8 9 10	assumptions regarding wholesalers specifically. Okay?  A Okay. Q So you say in Paragraph 3 that, "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products
7 8 9 10 11	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen?	6 7 8 9 10 11	assumptions regarding wholesalers specifically. Okay?  A Okay. Q So you say in Paragraph 3 that, "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co,
7 8 9 10 11 12	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No.	6 7 8 9 10 11 12	assumptions regarding wholesalers specifically.  Okay?  A Okay.  Q So you say in Paragraph 3 that,  "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co, Cardinal Health and McKesson Co, collectively
7 8 9 10 11 12 13	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No. Q And a little bit further down, I	6 7 8 9 10 11 12 13	assumptions regarding wholesalers specifically. Okay?  A Okay. Q So you say in Paragraph 3 that, "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co, Cardinal Health and McKesson Co, collectively referred to as the defendant wholesalers."
7 8 9 10 11 12 13 14	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No. Q And a little bit further down, I believe on this first page of Attachment B I'm	6 7 8 9 10 11 12 13 14	assumptions regarding wholesalers specifically.  Okay?  A Okay.  Q So you say in Paragraph 3 that,  "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co, Cardinal Health and McKesson Co, collectively
7 8 9 10 11 12 13	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No. Q And a little bit further down, I believe on this first page of Attachment B I'm sorry. I misspoke earlier when I said we were going	6 7 8 9 10 11 12 13	assumptions regarding wholesalers specifically. Okay?  A Okay. Q So you say in Paragraph 3 that, "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co, Cardinal Health and McKesson Co, collectively referred to as the defendant wholesalers."  Do you see that Paragraph 3? A I do.
7 8 9 10 11 12 13 14 15	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No. Q And a little bit further down, I believe on this first page of Attachment B I'm sorry. I misspoke earlier when I said we were going to stick on Page 1 of the Attachment B.	6 7 8 9 10 11 12 13 14 15	assumptions regarding wholesalers specifically. Okay?  A Okay. Q So you say in Paragraph 3 that, "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co, Cardinal Health and McKesson Co, collectively referred to as the defendant wholesalers."  Do you see that Paragraph 3?
7 8 9 10 11 12 13 14 15 16	were produced by either Cardinal Health or McKesson or AmerisourceBergen?  A No. Q Did you review any deposition testimony from any representatives of Cardinal Health, McKesson or AmerisourceBergen? A No. Q And a little bit further down, I believe on this first page of Attachment B I'm sorry. I misspoke earlier when I said we were going to stick on Page 1 of the Attachment B.  If you can please go to Page 4 of	6 7 8 9 10 11 12 13 14 15 16 17	assumptions regarding wholesalers specifically.  Okay?  A Okay.  Q So you say in Paragraph 3 that,  "Plaintiffs' counsel have also asked me to assume that a subset of these at-issue valsartan products were sold by defendants AmerisourceBergen Co,  Cardinal Health and McKesson Co, collectively referred to as the defendant wholesalers."  Do you see that Paragraph 3?  A I do.  Q What do you mean in here when you wrote the word "subset"?
7 8 9 10 11 12 13 14 15 16	were produced by either Cardinal Health or McKesson or AmerisourceBergen? Q So you are not offering any opinions yourself in this declaration about the wholesalers' conduct in this case, correct?  MR. HONIK: Object to the form.  You can answer.  THE WITNESS: Correct. Correct. This is  THE THE COURT REPORTER: Can you repeat that, please?  THE WITNESS: Sure.  It's on instruction or for it's on instruction by counsel.  BY MR. CAMPBELL:  Q You're not offering any opinions whether wholesalers are liable for unjust enrichment?  A I'm not a lawyer, sir, so no. I was asked to assume certain details for the purposes of my report.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Do you see that sentence?  A Yes.  Q Why does the fact, as you write here, that the at-issue valsartan products are small molecule orally formulated generic drugs why does that mean that the majority of purchases were made by pharmacies from wholesalers and distributors?  A Yeah. So the for me, the context is important. So the supply chain for specialty drugs that are infused or injected can be different. And so those products can be handled by different distributors or group purchasing organizations.  Usually, they have different storage requirements, and their end consumer is different too. It's usually hospitals or outpatient clinics, maybe some specialty pharmacies. It's just a it's just a different supply chain.  The orally formulated generic drugs are the ones that are really are at-issue in this matter, and here, they are largely going through the distributors, as listed here.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A Other than what was laid out in the complaint and listed in my Paragraphs 1, 2 and 3. THE WITNESS: To the retail pharmacies.  BY MR. CAMPBELL: Q And then it's the retail pharmacies that sell to the patients, correct? A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here. Q These products at-issue in this case, the at-issue valsartan products, were sold by the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Q Okay. So for the at-issue valsartan products here, we don't know what the percentage is that were sold through the wholesaler distributers?  A Right. We just have these industry averages and averages that are specific to the manufacturers, not at the NDC code level.  Q And just to confirm, wholesalers, they don't sell these products into the consumer market, correct?  MR. HONIK: Object to the form, it may call for a legal conclusion.  THE WITNESS: I'm sorry. What do you mean by that?  BY MR. CAMPBELL:  Q I couldn't hear what you said. You didn't know what I meant. So what was your question?  A Can you please ask it again? Thank you.  Q Yes. Yes. Just to confirm,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	accounting mix where they take title, but actually, the manufacturers drop ship directly from their warehouse to the THE COURT REPORTER: To the what? THE WITNESS: To the retail pharmacies. BY MR. CAMPBELL: Q And then it's the retail pharmacies that sell to the patients, correct? A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here. Q These products at-issue in this case, the at-issue valsartan products, were sold by the retail pharmacies to the consumers, to patients?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Q Okay. So for the at-issue valsartan products here, we don't know what the percentage is that were sold through the wholesaler distributers?  A Right. We just have these industry averages and averages that are specific to the manufacturers, not at the NDC code level.  Q And just to confirm, wholesalers, they don't sell these products into the consumer market, correct?  MR. HONIK: Object to the form, it may call for a legal conclusion.  THE WITNESS: I'm sorry. What do you mean by that?  BY MR. CAMPBELL:  Q I couldn't hear what you said. You didn't know what I meant. So what was your question?  A Can you please ask it again? Thank you.  Q Yes. Yes. Just to confirm, wholesalers do not sell these products directly to	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	accounting mix where they take title, but actually, the manufacturers drop ship directly from their warehouse to the THE COURT REPORTER: To the what? THE WITNESS: To the retail pharmacies.  BY MR. CAMPBELL: Q And then it's the retail pharmacies that sell to the patients, correct? A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here. Q These products at-issue in this case, the at-issue valsartan products, were sold by the retail pharmacies to the consumers, to patients? A Right. So there probably are
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q Okay. So for the at-issue valsartan products here, we don't know what the percentage is that were sold through the wholesaler distributers?  A Right. We just have these industry averages and averages that are specific to the manufacturers, not at the NDC code level.  Q And just to confirm, wholesalers, they don't sell these products into the consumer market, correct?  MR. HONIK: Object to the form, it may call for a legal conclusion.  THE WITNESS: I'm sorry. What do you mean by that?  BY MR. CAMPBELL:  Q I couldn't hear what you said. You didn't know what I meant. So what was your question?  A Can you please ask it again? Thank you.  Q Yes. Yes. Just to confirm, wholesalers do not sell these products directly to patients, correct?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	accounting mix where they take title, but actually, the manufacturers drop ship directly from their warehouse to the  THE COURT REPORTER: To the what? THE WITNESS: To the retail pharmacies.  BY MR. CAMPBELL:  Q And then it's the retail pharmacies that sell to the patients, correct?  A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here.  Q These products at-issue in this case, the at-issue valsartan products, were sold by the retail pharmacies to the consumers, to patients? A Right. So there probably are valsartan that were sold there are probably
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Q Okay. So for the at-issue valsartan products here, we don't know what the percentage is that were sold through the wholesaler distributers?  A Right. We just have these industry averages and averages that are specific to the manufacturers, not at the NDC code level.  Q And just to confirm, wholesalers, they don't sell these products into the consumer market, correct?  MR. HONIK: Object to the form, it may call for a legal conclusion.  THE WITNESS: I'm sorry. What do you mean by that?  BY MR. CAMPBELL:  Q I couldn't hear what you said. You didn't know what I meant. So what was your question?  A Can you please ask it again? Thank you.  Q Yes. Yes. Just to confirm, wholesalers do not sell these products directly to patients, correct?  A Okay. So I think what you mean is	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	accounting mix where they take title, but actually, the manufacturers drop ship directly from their warehouse to the  THE COURT REPORTER: To the what?  THE WITNESS: To the retail pharmacies.  BY MR. CAMPBELL:  Q And then it's the retail pharmacies that sell to the patients, correct?  A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here.  Q These products at-issue in this case, the at-issue valsartan products, were sold by the retail pharmacies to the consumers, to patients?  A Right. So there probably are valsartan that were sold there are probably at-issue valsartan products that were sold to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q Okay. So for the at-issue valsartan products here, we don't know what the percentage is that were sold through the wholesaler distributers?  A Right. We just have these industry averages and averages that are specific to the manufacturers, not at the NDC code level.  Q And just to confirm, wholesalers, they don't sell these products into the consumer market, correct?  MR. HONIK: Object to the form, it may call for a legal conclusion.  THE WITNESS: I'm sorry. What do you mean by that?  BY MR. CAMPBELL:  Q I couldn't hear what you said. You didn't know what I meant. So what was your question?  A Can you please ask it again? Thank you.  Q Yes. Yes. Just to confirm, wholesalers do not sell these products directly to patients, correct?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	accounting mix where they take title, but actually, the manufacturers drop ship directly from their warehouse to the  THE COURT REPORTER: To the what? THE WITNESS: To the retail pharmacies.  BY MR. CAMPBELL:  Q And then it's the retail pharmacies that sell to the patients, correct?  A That's my understanding well, for for products that are sold in the retail class of trade. There are there are drugs that are sold to physicians and hospitals or specialty pharmacies pharmacies that have a slightly different distribution chain. But that's not what we're that's largely not what we're talking about here.  Q These products at-issue in this case, the at-issue valsartan products, were sold by the retail pharmacies to the consumers, to patients? A Right. So there probably are valsartan that were sold there are probably

1	mechanical matter, my damage estimation is focused		damages, are you aware that that might vary from
2	on largely the retail class of trade.	2	state to state, depending on the state law?
3	I can actually see a cross trade in	3	MR. HONIK: Note my objection to the
4	the IQVIA data, but we're largely focused on the	4	extent it calls for a legal opinion.
5	retail class of trade.	5	THE WITNESS: Nothing in the U.S. is
6	Q All right.	6	easy. But basically, I would say, yes. I
7	MR. CAMPBELL: If you can if the	7	understand generally that state there are
8	tech can, please, go to Paragraph 80.	8	state rules related to damage calculations and
9	BY MR. CAMPBELL:	9	specifically related to liability and also
10	Q And and if you could go there too,	10	unjust enrichment. But, again, I'm not a
11	Dr. Conti, please.	11	lawyer. I understand these as a mechanical
12	A Sure. I'm trying to follow. Hold on.	12	issue.
13	Okay.	13	BY MR. CAMPBELL:
14	Q All right. And I'm really just going	14	Q And did your proposed formula for
15	to focus on this first sentence here at 80 where you	15	calculating unjust enrichment damages as to
16	wrote, "I have also been asked by plaintiffs'	16	wholesalers take into account, in any way, those
17	counsel to develop a methodology for calculating	17	differences from one state to another?
18	defendant wholesaler unjust enrichment damages for		MR. HONIK: Same objection as
19	the at-issue valsartan products."	19	previously noted.
20	Do you see that?	20	THE WITNESS: So I didn't do this I
21	A Yes.	21	didn't have any data. So I didn't do that at
22	Q What is your understanding of unjust enrichment?	22 23	the state level, but I expect if I had the
23 24	MR. HONIK: Note my objection to the	24	data, this would be limited by state law,
25	extent it calls for a legal opinion.	25	according to instructions from counsel for the jury.
25		23	
1	Page 123		Page 125
1	THE WITNESS: Okay. So, again, I'm	1	THE COURT REPORTER: For what?
2	not a lawyer. What I view is that the	2	THE WITNESS: For the jury. From
3	wholesalers took title of these products and	3	instruction of counsel, the court or the jury.
4	then resold them into the retail class of trade. And it's the difference between what	4	My my method is flexible to accommodate
5	they acquire the drugs at for from when	5 6	those state-specific rules. BY MR. CAMPBELL:
6 7	they purchase from the manufacturer to what	7	
8	they received from the retailers when they sold	8	Q Have you been given any descriptions of those differences in a law from one state to
9	it into the market and the delta that is	9	another so far?
10	at-issue here.	10	MR. HONIK: Note my objection to the
11	And later on in this section, I'm a	11	extent it may invade the attorney work product
12	little bit more specific about the profit that	12	privilege and other confidentiality privileges.
13	is made off through the wholesalers moving	13	But with that and without waiver of
14	these products from A to B.	14	those objections, I'll allow her to answer.
15	BY MR. CAMPBELL:	15	THE WITNESS: Again, I didn't have any
16	Q Okay. And we'll get to those formulas	16	data to do this calculation mechanically, so it
17	in just a couple of minutes, as you probably were	17	wasn't really it wasn't a detail that I
18	expecting.	18	focused on.
19	Are you aware, when it comes to unjust	19	BY MR. CAMPBELL:
20	enrichment, that there are different elements of	20	Q When you say the detail that you were
21	proof from one state to another for an unjust	21	focused on, you mean a difference between one state
22	enrichment claim?	22	versus another state and how the damages are
23	A I am generally aware of that states	23	calculated for unjust enrichment?
24	have different rules for unjust enrichment.	24	A No. I mean by that, that I didn't
	Q And same for the proper measure of	25	mechanically calculate anything for wholesalers.
25	And same for the proper measure or

	Page 126		Page 128
1	And so to the extent that unjust enrichment as	1	please. And I just want to clarify one thing.
2	applied to the wholesalers in this matter for these	2	You see in this Paragraph 8,
3	at-issue drugs might differ, I didn't do anything	3	"Consequently, the appropriate measure of damages in
4	with that information because I had nothing to do.	4	this matter is the total amount paid by each
5	I don't have the data to do that based on the state.	5	plaintiff for the at-issue valsartan products
6	That's kind of a different part of the calculation	6	manufactured and/or sold by the defendants."
7	even for what I did for retailers or for defendants	7	Do you see that paragraph?
8	in the different theories of liability.	8	A Yes.
9	Q Can you tell us now how you would	9	Q That's not referring to the proper
10	account in you formula for those differences from	10	measure of damages for wholesalers, right?
11	one state to another, or is that something that you	11	A Under the theory of unjust enrichment.
12	would reserve for later?	12	THE COURT REPORTER: I'm sorry.
13	MR. HONIK: Note my objection to the	13	THE WITNESS: Under the theory of
14	extent it calls for a legal conclusion and/or	14	unjust enrichment, correct.
15	instruction from judge, jury or counsel.	15	BY MR. CAMPBELL:
16	You may answer.	16	Q So this what's described in
17	THE WITNESS: Thank you.	17	Paragraph 8 refers to other defendants, not
18	Honestly, I think of it as a	18	wholesalers?
19	mechanical issue and one that I would wait on	19	A That is correct.
20	the instruction of counsel, the court or the	20	MR. HONIK: Object to form.
21	jury to to do.	21	I think Jamie, did you get the
22	BY MR. CAMPBELL:	22	answer?
23	Q And the formula that you propose for	23	THE COURT REPORTER: Yes.
24	the unjust enrichment damages is essentially	24	MR. HONIK: Thank you.
25	profits. And that's defined as revenues minus cost	25	
	Page 127		Page 129
1	as you have there at the beginning of Paragraph 81,	1	BY MR. CAMPBELL:
2	right?	2	Q Okay. Back to your calculation of
3	A Correct.	3	unjust enrichment damages, so we talked a lot
4	Q Why did you decide on that being the	4	yesterday about the value of the product or about
5	formula for unjust enrichment damages? Where did	5	the lack of value of the product in in your
6	that come from?	6	opinion. I don't want to get into any of that. I
7	A Because, again, as I understand it,	7	just want to ask one simple question about the value
8	unjust enrichment is simply the amount of money made	8	of the product.
9	off of the transaction for moving drugs from one	9	Do you base your calculation of unjust
10	place to another net of cost.	10	enrichment damages as to wholesalers on the basic
11	Q Did you rely on any written materials	11	premise that the products are worthless?
12	that told you that was the proper measure of damages	12	THE COURT REPORTER: That the profits
	that told you that was the proper measure of damages	l

THE WITNESS: Other offsets that they may - may have experienced.  THE WITNESS: Other offsets that they may - may have experienced.  So, really, if signs the full price that the wholesalers acquired those products at minus all of their costs that - that is - is related to my calculation here.  BY MR. CAMPBELL:  Or not?  MR. HONIK: Object to the form.  THE WITNESS: For my purposes, I am- I was asked to - so for my purposes, Is just the amount of money that the wholesalers made off moving these products from one place to another.  BY MR. CAMPBELL:  O Q Okay.  MR. CAMPBELL:  A Yes.  O Was Camparaph 80, Okay.  Words highlighted here are "like the?"  A Yes.  O Oway. "Like the defendant retailers." We don't have the first couple of words, but the first couple words highlighted here are "like the?"  A Yes.  O Oway. "Like the defendant retailers." We don't have the three words a general matter, we know that wholesalers more of the ari-suse valsartan products to pharmacies and other maintenance are made of the mount that as - so just kind of as a general matter, we know that wholesalers move of the purchasers. So it's just the difference between the - the amount that as - so just kind of as a general matter, we know that wholesalers move of the purchasers. So it's just the difference between the - the amount they sold and the amount that that they gained that is of issue here.  A Right. So this is just the theory It's not have the words highlighted here are like the?  A Ryes.  O Oway. So this is the theory It's not have the point of the dependence of the purchasers. So it's just the difference between the - the amount they sold and the amount that they gained that is of issue here.  A Ryes and the arison was a contract and the power of the purchasers. So it's just the difference between the - the amount they sold and the amount that that they gained dat is of issue here.  A Ryes and the retailers and the products to evaluate unjust enrichment date and the products to evaluate unjust enrichment date, we know that wholesal				
THE WITNESS: Other offsets that they may — may have experienced.  So, really, it's just the full price that the wholesalers acquired those products at minus all of their costs that — that is — is related to my calculation here.  B BY MR. CAMPBEILL:  O and so your calculation as to the wholesalers for unjust enrichment damages, it is dean with the wholesalers for unjust enrichment damages, it is manufacture, who may be move them to other purchasers of the see more page on Paragraph 80, and next — next page on Paragraph 80, okay.  BY MR. CAMPBEIL:  O You see the sentence that starts off  Page 131  with, "Like the defendant retailers"? We don't have the fisce couple of words, but the first couple words highlighted here are "like thee"?  A Yes.  O Qo kay. "Like the defendant retailers, the see companies profited from the distribution of the art-issue valsartan products to pharmacies and other cutities."  A Right. So this is just the theory of unjust enrichment that as — so just kind of as a general matter, we know that wholesalers move them to other purchasers. So it's just the difference to other purc		E		C
may — may have experienced.  So, really, it's just the full price that the wholesalers acquired those products at minus all of their costs that - that is is related to my calculation here.  BY MR. CAMPBELL: Q And so your calculation as to the wholesalers for unjust enrichment damages, it doesn't matter if the products are are worthless or not?  MR. HONIK: Object to the form. HE WITNESS: For my purposes, I am I I was asked to so for my purposes, it's just the amount of money that the wholesalers made off moving these products from one place to go back to Paragraph 80, and next next page on Paragraph 80, Cay. MR. CAMPBELL: Q You see the sentence that starts off  Worth, "Like the defendant retailers," We don't have the first couple of words, but the first couple words highlighted here are "like there?" A Yes. Q Okay. "Like the defendant retailers," We don't have the first couple of words, but the first couple words highlighted here are "like there?" A Yes. Q Okay. "Like the defendant retailers, these companies profited?" A Yes. Q Okay. "Like the defendant retailers, these companies profited?" A Right. So this is just the theory of upjust enrichment that as so just kind of as a general matter, we know that wholesalers made of the rentities."  Q Okay. Tike the defendant retailers, these companies profited? A Right. So this is just the theory of upjust enrichment that as so just kind of as a general matter, we know that wholesalers move drug they take title of drugs. And then they move them to other purchasers, or itely sult the difference the there was of any  Q Okay. So this is the theory. It's Conditions are the products or documents that that they gained that is of issue here.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form of the question.  MR. HONIK: Object to the form				
So, really, it's just the full price that the wholesalers acquired those products at minus all of their costs that — that is — is related to my calculation here.   SPAR. CAMPBELL:   SPAR. CA		· ·	l	
that the wholesalers acquired those products at minus all of their costs that — that is — is related to my calculation here.  8 BY MR. CAMPBELL:  10 wholesalers for unjust enrichment damages, it doesn't matter if the products are — are worthless of more.  11 doesn't matter if the products are — are worthless of more.  12 or not?  13 MR. HONIK: Object to the form.  14 THE WITNESS: For my purposes, I am — the amount of money that the wholesalers made off moving these products from one place to another.  15 I was asked to — so for my purposes, it's just the amount of money that the wholesalers made off moving these products from one place to another.  19 BY MR. CAMPBELL:  20 Q Okay.  21 MR. CAMPBELL:  22 Q Okay.  23 on Paragraph 80. Okay.  24 BY MR. CAMPBELL:  25 Q You see the sentence that starts off  1 with, "Like the defendant retailers." We don't have the first couple of words, but the first couple of words highlighted here are "like the"?  4 A Yes.  5 Q Okay. "Like the defendant retailers."  5 Q Okay. "Like the defendant retailers."  6 these companies profited from the distribution of the art-issue valsartan products to pharmacies and other entities."  9 On what do you base that statement the there, that these companies profited?  10 there, that these companies profited?  11 did they sell the products to consumers and TPPs."  22 A Right. So this is just the theory of the art-issue valsartan products to pharmacies and off more the distribution of the art-issue valsartan products to pharmacies and off more manufacture, we know that wholesalers move did unjust enrichment that are so just kind of as a general matter, we know that wholesalers move and the manufacture the products to obe used to calculate unjust enrichment damages for defendant vehiclesalers differs from the retailers?  11 A Right. So this is just the theory of unjust enrichment that are so just kind of as a general matter, we know that wholesalers move did unjust enrichment that are so just kind of as a general matter, we know that wholesalers mov		· · · · · ·		
6 minus all of their costs that — that is — is 7 related to my calculation here. 8 BY Mr. CAMPBELL: 4 doesn't matter if the products are — are worthless 11 doesn't matter if the products are — are worthless 12 or not? 13 Mr. HONIK: Object to the form. 14 THE WITNESS: For my purposes, it's just 6 the amount of money that the wholesalers made off moving these products from one place to 6 another. 18 BY Mr. CAMPBELL: 4 And if the tech could 22 go back to Paragraph 80, Okay. 19 Wr. CAMPBELL: 4 BY Mr. CAMPBELL: And if the tech could 22 go back to Paragraph 80, on Pa				
7 related to my calculation here. 8 BY MR. CAMPBELL: 10 wholesalers for unjust enrichment damages, it 11 doesn't matter if the products are are worthless 12 or not? 13 MR. HONIK: Object to the form. 14 THE WITNESS: For my purposes, it's just 16 the amount of money that the wholesalers made 17 of moving these products from one place to 18 another. 19 BY MR. CAMPBELL: 19 BY MR. CAMPBELL: And if the tech could 20 go back to Paragraph 80, and next next page 21 on Paragraph 80. Okay. 22 MR. CAMPBELL: 23 Q You see the sentence that starts off 24 With, "Like the defendant retailers"? We don't have 2 the first couple of words, but the first couple 3 words highlighted here are "like the"? 4 A Yes. 5 Q Okay. "Like the defendant retailers, the these companies profited from the distribution of the at-issue valsartan products to pharmacies and other entities." 4 A Yes. 5 Q Okay. "Like the defendant retailers, the see companies profited? 5 The with, "Like so this is just the theory of unjust enrichment that as so just kind of as a general matter, we know that wholesalers move did rug they take title of drugs. And then they move them to other purchasers. So it's just the difference the term to other purchasers. So it's just the difference the term to there pruchasers. So it's just the difference to between the the amount they sold and the amount that they gained that is of issue here.  10 Q Okay. So this is the theory. It's not based on any actual records or documents that that they gained that is of issue here.  10 Q Okay. So this is the theory. It's not based on any actual records or documents that that they gained that is of issue here.  10 Q Okay. So this is het here. It's purchasers, the lot, the purchasers, the lot, the batch, the NDC code, all of that should be products to the purchasers, the lot, the hard. It hink you mentined the sease sa the under the wholesalers made off of moving the subsease and the		•		· · · · · · · · · · · · · · · · · · ·
8 BYMR. CAMPBELL: 9 Q And so your calculation as to the 10 wholesalers for unjust enrichment damages, it 11 doesn't matter if the products are are worthless 12 or not? 13 MR. HONIK: Object to the form. 14 THE WITNESS: For my purposes, I am 15 I was asked to so for my purposes, it's just 16 the amount of money that the wholesalers made 17 off moving these products from one place to 18 another. 19 BY MR. CAMPBELL: 20 Q Okay. 21 MR. CAMPBELL: And if the tech could 22 go back to Paragraph 80. Okay. 22 BYMR. CAMPBELL: 23 on Paragraph 80. Okay. 24 BY MR. CAMPBELL: 25 Q You see the sentence that starts off 26 words highlighted here are "like thee"? 27 whith, "Like the defendant retailers." We don't have 28 the first couple of words, but the first couple 39 words highlighted here are "like thee"? 40 A Yes. 51 Q Okay. "Like the defendant retailers." 52 Q Okay. "Like the defendant retailers." 53 Q Okay. "Like the defendant retailers." 64 these companies profited from the distribution of the ta-issue valsartan products to pharmacies and other entities." 65 these companies profited from the distribution of the ta-issue valsartan products to pharmacies and other entities." 67 Q Okay. "Like the defendant retailers." 68 these companies profited from the distribution of the ta-issue valsartan products to pharmacies and other entities." 69 On what do you base that statement 100 there, that these companies profited? 61 the are so words highlighted here are "like there"? 62 unjust enrichment that asso just kind of as a 13 general matter, we know that wholesalers mode of the purchasers. So it's just the difference between the the amount they sold and the amount that they gained that is of issue here. 62 Okay. So this is the theory. It's not based on any actual records or documents that that they gained that is of issue here. 63 Okay. So this is the theory of 12 unjust enrichment that as -so just kind of as a 13 general matter, we know that wholesalers made of the manufacturers, the lot, the defendant retailers." 64				_
9		· ·		· · · · · · · · · · · · · · · · · · ·
business, or they wouldn't report revenue that looks like that. But I have not been shown any data to assess exactly how much they—these wholesalers made off off moving from point A to point B, the specific issues in this matter.  It with, "Like the defendant retailers"? We don't have the first couple of words, but the first couple words highlighted here are "like the"?  A Yes.  The With defendant retailers, these companies profited from the distribution of the at-issue valsartan products to pharmacies and other entities."  On what do you base that statement the there, that these companies profited?  A Right. So this is just the theory of unjust enrichment that as —so just kind of as a general matter, we know that wholesalers move them to other purchasers, or they sell them to other purchasers. So it's just the difference both cond that that they gained that is of issue here.  Q Okay. So this is the theory. It's not sead on any actual records or documents that tyou've seen so far?  THE WITNESS: For my purposes, I am—  THE WITNESS: The specific issues in this matter.  THE WITNESS: The specific drugs in this matter.  THE VIDEOGRAPHER: Counsel, I'm getting a lot of background noise. If we can just try to reduce that as best as we can.  THE WITNESS: The specific drugs in this matter. 	CONTID	Т	
,	Page 134	,	Page 136
1	for wholesalers?	1	enter the retail class of trade in the U.S. has a
2	A Yeah. I have seen that data,	2	barcode and is is traced through the entire
3	and under Track and Trace and earlier versions of	3	system. So by definition, if the manufacturers are
4	Track and Trace that are maintained by the states	4	entering these products into the retail class of
5	through the EPedigree system. My understanding is	5	trade, then downstream members of the supply chain,
6	that wholesalers keep track of that data down to the	6	whether it be wholesalers or retailers, are required
7	unit penny.	7	to keep track of that product at the barcode level,
8	Q And you're referring to the cost of	8	which will contain information about the product,
9	the you said the cost of the sales earlier. So	9	the the unit and and the manufacturers.
10	you mean the sale to the retailer?	10	Q What about elements of price? Does it
11	A Yeah. And and the price that the	11	track the elements of price?
12	wholesalers are paying to the manufacturers as well.	12	A What do you mean by "elements of
13	So they they know how much they're purchasing and	13	price"?
14	at what price for what. And they know how much	14	Q Well, the amounts received. Let's
15	they're selling for, by whom, for what, down to the	15	start, first of all, with the revenues.
16	retailer level as well.	16	A Sure.
17	Q And I just want to make sure I	17	Q Okay? Which is let's go to that
18	understand. On what is that based, your	18	part of your formula about the revenues, and that's
19	understanding that they they know all those	19	in Paragraph 82.
20	things?	20	A Yeah.
21	A Again well, so under Track and	21	Q Okay.
22	Trace, they are required wholesalers are required	22	A I have that.
23	to keep that information at that level of this	23	Q All right. And it it says
24	aggregation, at the NDC manufacturer level and the	24	wholesaler revenue can be expressed in Formula 10 as
25	unit level. And then states, on top of Track and	25	Qdt multiplied by PPUdt. Do you see that?
	Page 135		Page 137
1	Trace, have EPedigree systems that require all	1	A Yes.
2	members of the supply chain in the United States to	2	Q Did you consider any other inputs in
3	maintain units sold or purchased, which types of	3	determining revenue here for with respect to
4	drugs by which types of manufacturers to ensure that	4	wholesalers?
5	they are not counterfeit.	5	A Like what?
6	O II 1 1 'C'		
7	Q Have you ever had any specific	6	Q Well, that's what I'm asking you. I'm

	D 140		D 144
1	Page 142 MR. CAMPBELL: I'm sorry.	1	Page 144 the other wholesalers at-issue here, they are
2	THE WITNESS: Let's start from the	2	massive corporations. Again, they have annual
3	beginning. Customer of whom?	3	revenues larger than Costco. So they have
4	BY MR. CAMPBELL:	4	they hold very significant market power over
5	Q Yeah. A wholesaler customer.	5	their downstream retail customers.
6	A Okay. So is that the manufacturer?	6	So in that setting, as a general
7	So remember, wholesalers operate a two-sided market.	7	matter, the entity that holds the more
8	So they are they have manufacturers that they are	8	significant market power gets to dictate the
9	purchasing products from. That is one type of	9	terms of the contract. And so I'm assuming
10	customer.	10	that AmerisourceBergen dictates the terms of
11	And then they are selling downstream	11	the contract, and I expect those terms of the
12	to other customers that are retail pharmacies and	12	contract in a given period of time to not
13	other members of the supply chain. So that's	13	differ very significantly between retail
14	another type of customer. So I'm asking you which	14	customer or retail pharmacy between retail
15	customer.	15	pharmacy and the retail pharmacy.
16	Q Okay. So now I'm in the category of	16	Might there be slight deviations
17	revenues, so I'm talking about the downstream	17	between them? Sure. But the general content
18	customers.	18	is going to be driven by the entity that holds
19	A Okay. Great.	19	the market power.
20	Q Okay. The the retail pharmacies,	20	BY MR. CAMPBELL:
21	pick any two that you want to for the wholesalers.	21	Q So you agree that
22	Do you understand that different customers,	22	A Which is the wholesaler.
23	different retail or pharmacy customers, might have	23	Q So you agree that there might be
24	different rebate structures?	24	slight variations in, for example, the amount of
25	A So as a general matter, I understand	25	rebates given to one retailer versus another?
	Page 143		
1	that these contracts may include rebates that are	1	Page 145  A If they exist at all, right? I mean,
2	generally paid in aggregate and are contracted to an	2	there could be just cost contracts all together. It
3	advance of any specific transaction. So they're	3	probably depends on the year and the products.
4	contracts that cover a period prospectively.	4	Q And beyond just rebates, there might
5	If whether they differ materially	5	
6			be other terms in the contracts that might differ
"	from each other. I I think that they may differ		be other terms in the contracts that might differ from one retailer customer to another?
	from each other, I I think that they may differ in time. In other words, the contracting that	6	from one retailer customer to another?
7	in time. In other words, the contracting that	6 7	from one retailer customer to another?  MR. HONIK: Object to the form, calls
7 8	in time. In other words, the contracting that occurs in 2020 as a general rule looks different	6 7 8	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.
7 8 9	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in	6 7 8 9	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really
7 8 9 10	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen	6 7 8 9 10	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.
7 8 9 10 11	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this	6 7 8 9	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably
7 8 9 10 11 12	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So	6 7 8 9 10 11	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are
7 8 9 10 11	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform	6 7 8 9 10 11 12	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at
7 8 9 10 11 12 13	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with	6 7 8 9 10 11 12 13	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given
7 8 9 10 11 12 13 14	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.	6 7 8 9 10 11 12 13 14	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or
7 8 9 10 11 12 13 14 15	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for	6 7 8 9 10 11 12 13 14 15	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's
7 8 9 10 11 12 13 14 15 16	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are	6 7 8 9 10 11 12 13 14 15 16	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a
7 8 9 10 11 12 13 14 15 16 17	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for	6 7 8 9 10 11 12 13 14 15 16	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's
7 8 9 10 11 12 13 14 15 16 17 18	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with	6 7 8 9 10 11 12 13 14 15 16 17	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.
7 8 9 10 11 12 13 14 15 16 17 18	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with its retailer customers, no matter who the retailer	6 7 8 9 10 11 12 13 14 15 16 17 18 19	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.  There might also be wholesale rebates
7 8 9 10 11 12 13 14 15 16 17 18 19 20	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with its retailer customers, no matter who the retailer costumer is?	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.  There might also be wholesale rebates for in aggregate after the products have
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with its retailer customers, no matter who the retailer costumer is?  MR. HONIK: Object to the form.	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.  There might also be wholesale rebates for in aggregate after the products have already been sold into the supply chain and
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with its retailer customers, no matter who the retailer costumer is?  MR. HONIK: Object to the form.  That's not her testimony.	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.  There might also be wholesale rebates for in aggregate after the products have already been sold into the supply chain and maybe even to customers that are freed up
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	in time. In other words, the contracting that occurs in 2020 as a general rule looks different than the contracting that might have occurred in 2012. But if a differ I mean, AmerisourceBergen and Cardinal, they're really major players in this market. And they have significant market power. So I'm assuming that they have a pretty uniform contract that they are they have for signing with their downstream customers, the retailers.  Q So your assumption is that, for example, for Cardinal Health, its contracts are going to look the same with respect to rebates with its retailer customers, no matter who the retailer costumer is?  MR. HONIK: Object to the form.  That's not her testimony.  THE WITNESS: No yeah, I think	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	from one retailer customer to another?  MR. HONIK: Object to the form, calls for a legal conclusion.  THE WITNESS: Again, I haven't really thought about that in this matter that much.  What I would say is, the contracts probably dictate a variety of different terms that are general that are general, amount sold at prices over which types of products in a given time period, what to do about charge backs or spoiled goods, what to do about whether there's aggregate volume discounts for purchasing a very large quantity of their certain products.  There might also be wholesale rebates for in aggregate after the products have already been sold into the supply chain and maybe even to customers that are freed up later. Are all likely part of the contracts

37 (Pages 142 - 145)

	Page 146		Page 148
1	BY MR. CAMPBELL:	1	Q Okay. So let me go to your formula
2	Q Did you review any wholesaler and	2	for cost. For the formula for cost, Formula 11, I
3	retailer contracts produced in this litigation?	3	guess it is. It continues on to the top of the next
4	A No, not in this matter, but I have	4	page. In this part of your formula for cost, did
5	seen contracts between wholesalers and retail	5	you consider including charge backs?
6	pharmacies in the course of business.	6	A Again, this is what I mean by,
7	Q Any related to the products at-issue	7	in in that Footnote 75, that there could be
8	in this litigation?	8	offsets to profit that could be considered, either
9	A No. But, again, these are	9	in the cost side or in the revenue side.
10	really these are, you know, cheap generic drugs.	10	I think I have already mentioned
11	The and so I don't expect them to differ that	11	charge backs as being an offset in the in our
12	much or to be special in any way. Where I have seen	12	earlier conversation. They may be related here or
13	carve out or special considerations are for products	13	important.
14	that have very special types of handling or shelf	14	Q And you would say the same thing for
15	life.	15	rebates?
16	Q And going to your formula for cost,	16	A Again, I think of volume discounted as
17	which is at the bottom of Page 33, it's Formula 11.	17	being a more relevant term, but there might also be
18	Well, one thing I wanted to	18	rebates there.
19	A Hold on. Hold on. Let me just get	19	Q You mentioned discounts. You're
20	there.	20	aware
21	Q One thing before I continue on that,	21	A Wait a minute. I'm sorry. Just a
22	one of the elements of your formulas is is the	22	minute. Just to finish my thought.
23	concept of unit, correct?	23	Again, I didn't do this mechanically.
24	A Yes.	24	I didn't have any data to do that, and so my method
25	Q All right. What is your definition	25	that's being proposed here is general. And it's
	Page 147		Page 149
1	for for unit here in this formula for	1	really a different phase of the case, either upon
2	for for unit here in this formula for wholesalers?	2	really a different phase of the case, either upon the instruction of counsel and upon of the
2 3	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's	2 3	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type
2 3 4	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level,	2 3 4	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for
2 3 4 5	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of	2 3 4 5	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.
2 3 4 5 6	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger	2 3 4 5 6	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or
2 3 4 5 6 7	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple	2 3 4 5 6 7	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things
2 3 4 5 6 7 8	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.	2 3 4 5 6 7 8	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?
2 3 4 5 6 7 8 9	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size,	2 3 4 5 6 7 8 9	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.
2 3 4 5 6 7 8 9 10	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?	2 3 4 5 6 7 8 9	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned
2 3 4 5 6 7 8 9 10 11	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the	2 3 4 5 6 7 8 9 10 11	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example,
2 3 4 5 6 7 8 9 10 11 12	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those	2 3 4 5 6 7 8 9 10 11 12	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?
2 3 4 5 6 7 8 9 10 11 12 13	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps	2 3 4 5 6 7 8 9 10 11 12 13	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct. Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees? A For unjust enrichment calculations,
2 3 4 5 6 7 8 9 10 11 12 13 14	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track	2 3 4 5 6 7 8 9 10 11 12 13	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct. Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be
2 3 4 5 6 7 8 9 10 11 12 13 14 15	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I	2 3 4 5 6 7 8 9 10 11 12 13 14	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct. Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the court or the jury.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the differences in sizes between units?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the court or the jury.  Q What about non-product-related costs,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the differences in sizes between units?  A Yes. And if I again, this	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the court or the jury.  Q What about non-product-related costs, for example, wholesaler overhead or employee costs
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the differences in sizes between units?  A Yes. And if I again, this is this is a theoretical exercise. I have no	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the court or the jury.  Q What about non-product-related costs, for example, wholesaler overhead or employee costs or IT costs, those sorts of things? Are those also
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the differences in sizes between units?  A Yes. And if I again, this is this is a theoretical exercise. I have no data. But I tend to be very anal about units sizes,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. Would the same thing apply, for example, on the cost side, logistics fees or service fees?  A For unjust enrichment calculations, yes, that those also could potentially be accounted for. My method is flexible to account for them, again, upon the instruction of counsel, the court or the jury.  Q What about non-product-related costs, for example, wholesaler overhead or employee costs or IT costs, those sorts of things? Are those also included in the offsets that you would defer to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	for for unit here in this formula for wholesalers?  A Yeah, it's it's quantity. It's quantity, and usually at the wholesaler level, they'll be it will be bottles or packages of pills. But it might also be aggregated over larger units, so, like, multiple pill packs or multiple boxes of products.  Q So a unit can be a different size, basically?  A Units can be different sizes, and the size and the aggregate amounts contained in those units are things that the wholesaler knows and keeps track of. It's part of the requirements of Track and Trace and also the EPedigree system that I mentioned earlier.  Q Does your formula account for the differences in sizes between units?  A Yes. And if I again, this is this is a theoretical exercise. I have no data. But I tend to be very anal about units sizes, and so this would be done at a unit that may at	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	really a different phase of the case, either upon the instruction of counsel and upon of the instruction from the court or jury, that those type of offsets, if they exist, either for cost or for revenue.  Q But you would defer to the court or the jury to decide whether those sorts of things should be included?  A Correct.  Q And with the same you mentioned discounts. 	damages, in other words, you would have to look back	$\begin{vmatrix} 1 \\ 2 \end{vmatrix}$	prospectively.
2	at some data to tell me what the quantity was and	2	Q Does your damages analysis address in
3	what the price was that you multiplied to come up	3	any way the impact of the recall upon damages to
4	with your	4	either the end-payor or consumer classes?
5	A Right, subject to the criteria of	5	A Just in terms of the time period that
6	inclusion and exclusion, and subject to the	6	was used.
7	methodology as outlined in my report, by definition,	7	Q Okay. Do you know who Hetero's U.S.
8	these quantities represent actual quantities and	8	repackager or distributor was in the chain of
9	prices that were paid by consumers among the	9	comments?
10	at-issue drugs in the at-issue time period for the	10	A Not off the top of my head, no.
11	at-issue payors.	11	Q Okay. Do you know what payments, if
12	Q Right.	12	any, were made by that repackager or distributor
13	THE COURT REPORTER: I'm sorry, the	13	THE COURT REPORTER: I'm sorry, can
14	at-issue	14	you repeat that? Can you repeat that?
15	THE WITNESS: Payors.	15	MR. ABRAHAM: Sure.
16	THE COURT REPORTER: Thank you.	16	BY MR. ABRAHAM:
17	THE WITNESS: The prices for	17	Q Do you know what payments, if any,
18	consumers.	18	were made by the repackager or distributer of
19	BY MR. ABRAHAM:	19	Hetero's product to any party in the chain of
20	Q But, Dr. Conti, I just want to make	20	distribution as a result of the recall?
21	sure, there's no place I can look in your report	21	A I'm sorry, I don't completely
22	that would tell me what the price and quantity	22	understand. What do you mean do you mean
23	numbers are that you used for those two	23	distributor of the wholesale distributor, just to be
24	calculations; is that fair?	24	specific?
25	A Well, what we're providing what I'm	25	Q Let's take let's take that example.
	Page 163		Page 165
1	providing in my report is the conjunction, price	1	A Yeah. Okay. So and are you asking
2	times quantity. I'm more than happy to provide you	2	about payments that Hetero made to their distributor
3	the I think what you're asking for is what is the	3	or
4	native price and quantity for each for Hetero	4	Q I mean
5	underlying the consumer damages listed here. And,	5	A to other
6	again, it's in my data. I'm more than happy to	6	THE COURT REPORTER: Okay. I canno
7	provide it to you.	7	I can't have you both speaking at one time.
8	Q Thank you.	8	It's too fast, and I can't do it.
9	MR. ABRAHAM: I'll make that request,	9	
10		_	MR. ABRAHAM: Sorry. My fault.
11	please, of your counsel, to provide me with the	10	BY THE WITNESS:
	please, of your counsel, to provide me with the quantity and price that went into your	10 11	BY THE WITNESS:  Q I mean, not necessarily payments made

1	those two drugs, those were not adulterated or	1	different assumption from the assumption that you
2	misbranded under the assumptions you've applied to	2	made in preparing your analysis in this case.
3	your method, correct?	3	Plaintiffs' counsel asked you to make one
4	MR. HONIK: Object to the form.	4	assumption, I'm going to now ask you to make a
5	THE WITNESS: I don't understand. I'm	5	different one.
6	SOTTY.	6	I will ask you to assume, for the
7	BY MR. OSTFELD:	7	purposes of my next few questions and I know you
8	Q That's okay. You were not asked to	8	don't love hypotheticals. But we're talking about
9	assume that brand-name Diovan was adulterated or	9	assumptions here, so I'm going to have to ask you to make a few.
10	misbranded for purposes of your analysis of this	10	
11	case, correct?	11	So I will ask you to assume, for
12	A So the products that are at issue are	12	purposes of my next questions, that some
13	enumerated in Footnote 3 and discussed in at	13	manufacturers' versions of generic valsartan were
14	length in the complaint. The attorneys, the	14	not adulterated and/or not misbranded. Okay?
15	counsel, gave me the NDC codes and the month, years	15	That's the assumption I'm asking you to make. The
16	at issue. And that's what was applied to the data	16	question is coming.
17	that I got from IQVIA or to the retailers as we've	17 18	A In what time period, sir?  Q During the same time period that the
18	already discussed at length.		
19	Q Okay. And you have not applied the	19 20	at-issue valsartan was being sold.  A Okay. And they were in the retail
20	assumptions of adulteration or misbranding to any other forms of valsartan beyond those that	21	profit trade in the U.S.?
21	•	22	
22 23	were that you just described that are delineated in your footnote and that were provided to you by	23	Q Yes. A And their non-contamination was known
24	counsel by NDC code?	24	by the manufacturer and also communicated to the
25	MR. HONIK: Object to form.	25	FDA?
23			
1	Page 187	1	Page 189
1	THE WITNESS: Again, counsel provided	1	Q That sure. We can make that
$\begin{vmatrix} 2 \\ 3 \end{vmatrix}$	me the list of NDC codes. We picked up a number of additional NDC codes that were	2 3	assumption as well.  A And it was also asserted to or
4	repackaged or private-labeled but were related	4	attested to by those manufacturers to the
5	to the upstream at-issue products, and then	5	Food and Drug Administration and the downstream
6	applied that forward to the calculation.	6	consumers?
7	BY MR. OSTFELD:	7	Q That they were not adulterated and not
8		8	misbranded, yes. You can make that assumption as
9	Q All right. During the same time period that the at-issue valsartan was sold, did	9	well.
10	brand-name Diovan have a legitimate supply curve?	10	A Great. And those attestations were
11	A Again, my opinion related to the	11	not incorrect, in fact?
12	legitimate supply curve is related to the products	12	Q That is that is the assumption I'm
13	at-issue.	13	asking to you make, yes.
14	Q Right. And that's all I'm asking you.	14	A Okay. Just trying to understand
15	For one of the products that's not at issue,	15	exactly what contours of the hypothetical are.
16	brand-name Diovan, did it have a legitimate supply	16	Q Absolutely. I like that you are
17	curve?	17	precise, and I want to make sure you have a good set
18	MR. HONIK: Object to the form. It's	18	of assumptions. So you're comfortable with those
19	been asked and answered, and it's beyond the	19	assumptions?
20	scope.	20	MR. HONIK: Object to the form.
	SCOPC.	20	
	_	21	THE WITNESS. I'll lot won know at 1
21	You may respond.	21	THE WITNESS: I'll let you know if I
21 22	You may respond. THE WITNESS: Yeah. I don't quite	22	have other questions.

	Page 190		Page 192
1	there was a legitimate supply curve for	1	payors?
2	non-adulterated, non-misbranded, generic valsartan	2	A I just asked you about the condition
3	drugs, applying all of the assumptions you just	3	of asymmetric information. If if consumers and
4	made?	4	third-party payors, plus the regulator, all knew the
5	A Yes, from a from a prospective form	5	exact same information that the manufacturer did
6	perspective, if the products were not adulterated,	6	regarding the purity, strength, adulteration or
7	not misbranded and and were cGMP compliant in	7	non-adulteration, non-misbranding, et cetera, if the
8	their material production, and met all of the rest	8	product was exactly what it said it was or what was
9	of the FDA requirements, safety, efficacy, purity,	9	represented, and every consumer and third-party
10	et cetera, then yes, correct. They would be a	10	payor had full transparency over that, then, yes,
11	there is a legitimate supply curve for those	11	prospectively, that would make absolute sense that
12	products.	12	there was full economic value.
13	Q And would that apply retrospectively,	13	Q Okay.
14	as well, to the products that were already sold and	14	A We, of course, don't live in a world
15	ingested?	15	of full information.
16	A No.	16	Q Okay. I understand that you have
17	Q And why not?	17	relied on the allegations of the complaint
18	A Because my analysis is a prospective	18	referenced in Footnote 1 in the first paragraph of
19	one, not a retrospective one.	19	your report as the basis for your assumption of
20	Q Understood.	20	adulteration and misbranding; is that correct?
21	So your analysis could not apply	21	A I'm sorry. There's a there's
22	retrospectively. Understood.	22	numerous things that you said in that sentence,
23	A No. That's not what I said, sir.	23	so
24	That's not my testimony.	24	Q Okay. I guess what I'm trying to
25	Q Okay. That's okay. I'll move on.	25	I'm not asking to you repeat testimony, but I want
	Page 191		Page 193
1	Under the same changed assumptions	1	to make sure I accurately understand your earlier
2	that we just agreed to, would you agree that	2	testimony.
3	non-adulterated, non-misbranded, generic valsartan	3	I think I understood you earlier to
4	drugs have economic value as well as therapeutic	4	testify that the basis for your assumption that the
5	value?	5	at-issue valsartan was adulterated and misbranded,
6	MR. HONIK: Object to the form.	6	is what is contained in the complaint in this case;
7	THE WITNESS: I have no opinion on	7	is that correct?
8	therapeutic value. It was not of any moment in	8	MR. HONIK: Object to form,
9	my analysis because therapeutic value is is	9	mischaracterizes the testimony. You can

4	MR. GOLDBERG: Now	4	not waive anything that is not in the public
5	THE COURT REPORTER: I can't do this.	5	court file in that case.
6	I can't. I can't do it. One at a time. One	6	(Whereupon, Exhibit Conti 8 was marked
7	at a time.	7	for Identification.)
8	MR. GOLDBERG: Okay. Now that we have	8	MR. HONIK: Anything else?
9	done that okay. Let the record reflect that	9	MR. OSTFELD: That's it for me.
10	the witness has just walked away during the	10	MR. HONIK: We're concluded. Thank
11	deposition.	11	you, Jamie.
12	MR. HONIK: Are you 12 years old,	12	(Whereupon, the deposition concluded
13	Seth?	13	at 5:08 p.m.)
14	MR. GOLDBERG: No.	14	
15	MR. HONIK: As far as the witness is	15	
16	concerned, it's over. There are no more	16	
17	questions that you may be permitted to ask	17	
18	Dr. Conti. She can get up and stretch her	18	
19	legs, do whatever she wishes in the world,	19	
20	number 1.	20	
21	Number 2, Mr. Ostfeld apparently has	21	
22	now attached as an exhibit a report that makes	22	
23	reference to an Austin and Burke PowerPoint	23	
24	that Teva clawed back. So Teva has now waived	24	
25	their privilege as to that document being	25	
	Page 207		Page 209
1	admitted into evidence into this case. Is	1	CERTIFICATE
2	there anything else you need to say?	2	
3	MR. GOLDBERG: Yeah, I do. And then	3	I, Jamie I. Moskowitz, a Shorthand
4	certainly Mr. Ostfeld can.	4 5	(Stenotype) Reporter and Notary Public, do hereby certify that the foregoing Deposition, of the
5	We are keeping this deposition open,	6	witness, RENA M. CONTI, Ph.D., taken at the time and
6	because the witness has now testified during	7	place aforesaid, is a true and correct transcription
7	the deposition, potentially, to documents that	8	of my shorthand notes.
8	she has not produced, including her invoices.	9	I further certify that I am neither
9	It's not clear whether there were other	10	counsel for nor related to any party to said action,
10	documents that she hasn't produced. We'll come	11	nor in any way interested in the result or outcome
11	back to you on that, Ruben. But we are not	12	thereof.
12	closing this deposition until we get a complete	13	IN WITNESS WHEREOF, I have hereunto set

# Federal Rules of Civil Procedure Rule 30

- (e) Review By the Witness; Changes.
- (1) Review; Statement of Changes. On request by the deponent or a party before the deposition is completed, the deponent must be allowed 30 days after being notified by the officer that the transcript or recording is available in which:
- (A) to review the transcript or recording; and
- (B) if there are changes in form or substance, to sign a statement listing the changes and the reasons for making them.
- (2) Changes Indicated in the Officer's Certificate. The officer must note in the certificate prescribed by Rule 30(f)(1) whether a review was requested and, if so, must attach any changes the deponent makes during the 30-day period.

DISCLAIMER: THE FOREGOING FEDERAL PROCEDURE RULES

ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY.

THE ABOVE RULES ARE CURRENT AS OF APRIL 1,

2019. PLEASE REFER TO THE APPLICABLE FEDERAL RULES

OF CIVIL PROCEDURE FOR UP-TO-DATE INFORMATION.

# VERITEXT LEGAL SOLUTIONS COMPANY CERTIFICATE AND DISCLOSURE STATEMENT

Veritext Legal Solutions represents that the foregoing transcript is a true, correct and complete transcript of the colloquies, questions and answers as submitted by the court reporter. Veritext Legal Solutions further represents that the attached exhibits, if any, are true, correct and complete documents as submitted by the court reporter and/or attorneys in relation to this deposition and that the documents were processed in accordance with our litigation support and production standards.

Veritext Legal Solutions is committed to maintaining the confidentiality of client and witness information, in accordance with the regulations promulgated under the Health Insurance Portability and Accountability Act (HIPAA), as amended with respect to protected health information and the Gramm-Leach-Bliley Act, as amended, with respect to Personally Identifiable Information (PII). Physical transcripts and exhibits are managed under strict facility and personnel access controls. Electronic files of documents are stored in encrypted form and are transmitted in an encrypted fashion to authenticated parties who are permitted to access the material. Our data is hosted in a Tier 4 SSAE 16 certified facility.

Veritext Legal Solutions complies with all federal and State regulations with respect to the provision of court reporting services, and maintains its neutrality and independence regardless of relationship or the financial outcome of any litigation. Veritext requires adherence to the foregoing professional and ethical standards from all of its subcontractors in their independent contractor agreements.

Inquiries about Veritext Legal Solutions' confidentiality and security policies and practices should be directed to Veritext's Client Services Associates indicated on the cover of this document or at www.veritext.com.
